**Total Fall Clearance**  
**Distance = Lanyard Length + Deceleration Distance + Height of Worker + Safety Factor**

**Lanyard Length - 6'**  
**Deceleration Distance - the distance a worker falls between the time a fall arrest device activates and the stopping point**  
**Height of Worker - 6'**  
**Safety Factor - 2'**

$$17.5' = 6' + 3.5' + 6' + 2'$$

[A Robust Grid for 21st Century Scotland](#) Great Britain: Parliament: House of Commons: Scottish Affairs Committee, 2012-08-28 In December 2011 and January 2012 Scotland was subject to numerous storms that caused damage to homes road and rail infrastructure as well as leaving tens of thousands of residents without a power supply In some cases it took more than three days before power was restored Although all of Scotland was affected it appears that the most severe damage occurred in the Highlands and Islands The Committee's inquiry focussed on the frequency and severity of weather related power cuts in Scotland the consequences of such power cuts to individuals businesses and public sector services the current condition and technological state of Scotland's electricity transmission network and what conditions it is built to withstand the advantages and disadvantages of using an alternative electricity transmission infrastructure particularly regarding its vulnerability to weather related damage whether the response provided by the energy companies was satisfactory and how the regulation of transmission network operators and distribution network Operators impacts upon investment in Scotland's electricity transmission network The Committee concludes that while blackouts following severe weather incidents can never be completely eliminated one way that they can be minimised is by ensuring that the grid is in a robust and well maintained state before any such incidents occur The increase in renewable energy generation also offers opportunities for networks to be less reliant on single vulnerable electricity lines to serve remote communities The value of compensation for loss of power currently offered and the conditions under which it applies should be improved

**The W.B.A. Review ,1961**      John Paul Stevens Christopher E. Smith,2015-10-22 This book examines the judicial opinions and criminal justice policy impact of Justice John Paul Stevens the U S Supreme Court s most prolific opinion author during his 35 year career on the nation s highest court Although Justice Stevens a Republican appointee of President Gerald Ford had a professional reputation as a corporate antitrust law attorney he immediately asserted himself as the Court s foremost advocate of prisoners rights and Miranda rights when he arrived at the Court in 1975 In examining Justice Stevens s opinions on these topics as well as others including capital punishment and right to counsel the chapters of the book connect his prior experiences with the development of his views on rights in criminal justice In particular the book examines his relevant experiences as a law clerk to Justice Wiley Rutledge in the Supreme Court s 1947 term a volunteer attorney handling criminal cases in Illinois and a judge on the U S court of appeals to explore how these experiences shaped his understanding of the importance of rights in criminal justice For many issues such as those affecting imprisoned offenders Justice Stevens was a strong defender of rights throughout his career For other issues such as capital punishment there is evidence that he became increasingly protective of rights over the course of his Supreme Court career The book also examines how Justice Stevens became increasingly important as a leading dissenter against the diminution of rights in criminal justice as the Supreme Court s composition became increasingly conservative in the 1980s and thereafter Because of the nature and complexity of Justice Stevens s numerous and varied opinions over the course of his lengthy career scholars find it difficult to characterize his judicial philosophy and impact with simple labels Yet in the realm of criminal justice close examination of his work reveals that he earned a reputation and an enduring legacy as an exceptionally important defender of constitutional rights      **Victimology** Leah E.
