How To Setup A Gmail Account?

In today's world of new technology and advanced communicating methods, having an email account is very important. On the internet, you will find many web-based email services and you are free to choose whichever you like. However, the most popular among all of them are Gmail, provided by Google itself. It comes with fifteen gigabyte of storage, less spam and great facilities to help you connect with the outer world. You can set up your own Gmail account from a number of devices like mobiles, computers, laptops and more.

How To Setup Gmail From Your Computer?

In order to do any kind of work, be it personal or professional, we always give our first preference to a computer, whether it is a desktop or a laptop. Setting up a Gmail account is a lot easier from these devices compared to others. Explained below are the steps following which you can easily set up a Gmail account from your computer.

- Type www.Gmail.com in the URL Window or what is also called the address bar of the search engine page. If you are starting from the Google page you will see an option called Gmail at the top of the screen. Once you click on it, you will see a page
