Designing and Supporting Computer Networks, CCNA Discovery Learning Guide Kenneth Stewart, Aubrey Adams, Allan Reid, Jim Lorenz, 2008-04-29

Designing and Supporting Computer Networks CCNA Discovery Learning Guide is the official supplemental textbook for the Designing and Supporting Computer Networks course in the Cisco Networking Academy CCNA Discovery curriculum version 4. In this course the last of four in the new curriculum, you progress through a variety of case studies and role playing exercises which include gathering requirements, designing basic networks, establishing proof of concept, and performing project management tasks. In addition, within the context of a pre-sales support position, you learn lifecycle services including upgrades, competitive analyses, and system integration. The Learning Guide, written and edited by instructors, is designed as a portable desk reference to use anytime, anywhere, to reinforce the material from the course and organize your time. The Learning Guide's features help you focus on important concepts to succeed in this course.

Chapter Objectives Review core concepts by answering the focus questions listed at the beginning of each chapter.

Key Terms Refer to the lists of networking vocabulary introduced and highlighted in context in each chapter.

The Glossary defines each key term.

Summary of Activities and Labs Maximize your study time with this complete list of all associated exercises at the end of each chapter.

Check Your Understanding Evaluate your readiness with the end of chapter questions that match the style of questions you see in the online course quizzes. The answer key explains each answer.

Challenge Questions and Activities Apply a deeper understanding of the concepts with these challenging end of chapter questions and activities. The answer key explains each answer.

Hands on Labs Master the practical hands-on skills of the course by performing all the tasks in the course labs included in Part II of the Learning Guide.

Portfolio Documents Develop a professional network design portfolio as you work through real-life case studies. All the course portfolio documents and support materials are provided for you in this Learning Guide and on the CD-ROM.
