Essential Guide to Mummy Literature Brian J. Frost,2007-12-28 Few historical relics have exerted such a hold on our imaginations as the mummy In 1834 Thomas J Pettigrew s *A History of Egyptian Mummies* was the first scholarly work wholly devoted to the subject providing for its time a remarkable analysis of the different mummification techniques used by the ancient embalmers Such volumes of serious nonfiction have been supplemented over the years by additional works both scholarly and otherwise as well as works of fiction that incorporate and expand upon mummy lore Indeed the popular concept of the mummy as a malevolent monster dates back to the nineteenth century when stories about mummies rising from the dead to terrify the living first captured the imagination of the reading public and set the revived corpse on the path to becoming a major horror icon In *The Essential Guide to Mummy Literature* Brian J Frost provides the first in depth survey and bibliography of works of fiction featuring mummies In this comprehensive volume Frost traces the development of the mummy story paying particular attention to works by Victorian authors and pulp fiction writers as well as stories from

the American pulp magazines The annotated bibliography provides synopses of all the key works of fiction in the mummy canon as well as others not so well known Full publication details for each entry with plot summaries of more than 500 works of fiction and abridged descriptions of 250 nonfiction books are provided Additionally a filmography is included along with listings of young adult novels children s storybooks and reference works for both adults and children Well organized and comprehensive The Essential Guide to Mummy Literature will appeal to devotees of the horror genre and students of popular literature as well as researchers and librarians

Hyatt Verrill,2011-10-07 What weird science lay in the mummy case of Ret Seh What uncanny power created this lovely terrifying vision excerptThe mummy case was the finest thing of its sort that Hargraves ever had seen a magnificent thing marvelous with paint and gold It was a slender elaborate affair showing the figure of a woman a woman who must have been a ravishing beauty in life if the carved and painted face was even a passable likeness of the original whose body was supposedly within the case Moreover it was a strikingly lifelike face a face of perfect oval with a delicate cleft chin with beautifully rounded cheeks with broad low forehead crowned with masses of black hair with a thin straight nose that would have been imperious had it not been for the uptilted tip with arching brows over lustrous eyes that seemed even in painted form to gaze up at Hargraves with a questing ardent expression and with carmine lips parted in an alluring most provocative smile Actually looks as if she wanted to be kissed mused Hargraves as he stood off and admired the carved and painted figure Must have been a pretty thing if she looked like that Regular heart breaker back in days of the Pharaohs I expect And what a figure Might represent Pharaoh s daughter at the time she found little Moses
