VISWANATH,2013 **My Backyard Elephant** Jason Derry,2015-06-16 Some kids grow up with cats or dogs but I grew up with an elephant named Cara During nights when the trees sounded like they were whispering Cara would rumble really loud On those nights I would tiptoe through the hall tiptoe through the living room and tiptoe outside to see her My Backyard Elephant is a playful yet heartfelt story about an orphaned elephant finding a place to call home and the decisions a child must make when it becomes obvious that some animals are too big for backyards Inspired by the research of environmental communications doctoral candidate Jason Derry and with illustrations by Elise Gilchrist who spent two years studying elephant behavior in Thailand depictions of Cara are rooted firmly in current scientific understandings of elephant behavior and are designed with education in mind To reinforce the educational value of such a text a two page scientific literacy afterward expands on who elephants are in the wild 33% of all profits from the sale of this book will be donated to elephant causes worldwide

In My Backyard Al Look,1951

Elephants in the Hourglass Kim Frank,2025-01-07 A moving and adventure filled tale of one woman s quest for the truth about endangered Asian elephants and their evolving relationship with humans Delving deep into an intricate web of unlikely heroes power struggles and living legends Elephants in the Hourglass takes readers on an extraordinary journey of discovery In her non fiction debut Kim Frank blends personal narrative vivid descriptions and meticulous research as she illuminates the ways we seek to survive on our rapidly changing planet Like Jane Goodall or Dian Fossey before her Kim is a female explorer who found her life completely changed as she was drawn deeper and deeper into the plight of the remarkable Asian elephant For Kim once she learned about the intense multi faceted but little known conflict between

humans and elephants in North India she was unable to rest until she had learned more and told this story to the outside world This was a place and topic totally unknown to her Up until that point Kim was an ordinary mom and emerging writer After a fraught divorce she felt a need to recapture her own voice and expand her world and so she set out to the Himalaya with the goal of telling a story worthy of National Geographic What Kim experienced would change her life It is far from a black and white story where the good guys and bad guys are immediately obvious Not in this world of displaced habitats exploding population growth migration and climate change Filled with unforgettable characters and encounters with one of the most sensitive intelligent and awe inspiring creatures on the planet Elephants in the Hourglass will inspire readers to pursue their goals and be a force for change in unexpected places *THERE'S An ELEPHANT iN MY BACKYARD*: Lisa B.
