# Oecd Labour Force Statistics 2014

**M Woodhall**

## **Oecd Labour Force Statistics 2014:**

**OECD Labour Force Statistics 2014** OECD,2015-03-16 This annual edition of Labour Force Statistics provides detailed statistics on population labour force employment and unemployment broken down by gender as well as unemployment duration employment status employment by sector of activity and part time employment *OECD Labour Force Statistics 2014* OECD. OCDE,2015

**OECD Employment Outlook 2014** OECD,2014-09-03 The OECD Employment Outlook 2014 includes chapters on recent labour market developments with a special section on earnings job quality youth employment and forms of employment and employment protection

**OECD Labour Force Statistics** Organization for Economic Cooperation and Development,2015-03-15 This annual edition of Labour Force Statistics provides detailed statistics on population labor force employment and unemployment broken down by gender as well as unemployment duration employment status employment by sector of activity and part time employment It also contains participation and unemployment rates by gender and detailed age groups as well as comparative tables for the main components of the labor force Data are available for each OECD Member country and for OECD Total Euro area and European Union The time series presented in the publication cover 10 years for most countries It also provides information on the sources and definitions used by Member countries in the compilation of those statistics

The Transformation of the Social Right to Healthcare Katharina Böhm,2016-06-17 This pathbreaking book investigates welfare state change in the area of health care a field widely neglected by comparative welfare state research While some work on health care expenditure exists health care rights have not been systematically studied since social rights have exclusively focused on entitlement to cash benefits Addressing this research gap Böhm analyses in what way the social right to health care has been modified in the course of general welfare state transformation since the late 1970s Taking England and Germany as examples she assesses how health care reforms conducted under the conditions of constrained budgets demographic ageing and rapid medical progress have altered access to and generosity of public health care systems over the past 35 years The book s findings significantly increase our understanding of social rights and reveals fundamental differences of approach while Germany provides absolute and enforceable rights to health care for each entitled individual English social health care rights are directed towards the population as a whole and contingent upon the availability of resources i e they are not absolute and not enforceable This distinction between individual and collective social rights will be an important contribution to the theory of social rights given its applicability to other types of social rights and its usefulness in tracing changes in social rights over time

**OECD Labour Force Statistics 2013** OECD,2014-05-02 This annual edition of Labour Force Statistics provides detailed statistics on population labour force employment and unemployment broken down by gender as well as unemployment duration employment status employment by sector of activity and part time employment for the past ten years

**Society at a Glance: OECD Social Indicators** Organization for Economic Cooperation and Development,2014-03-18 The seventh edition

of Society at a Glance the biennial OECD overview of social indicators this report addresses the growing demand for quantitative evidence on social well being and its trends It updates some indicators included in the previous editions published since 2001 and introduces several new ones in total 25 indicators It includes data for the 34 OECD Member countries and where available data for key partners Brazil China India Indonesia Russia and South Africa and for other G20 countries Argentina and Saudi Arabia This report features a special chapter on the social impact of the recent crisis Chapter 1 and provides a guide to help readers understand the structure of OECD social indicators Chapter 2 All indicators are available as a web book and e book on OECD iLibrary as is the related database *International Labour Review* ,2017

**ProQuest Statistical Abstract of the United States 2018** ProQuest,Bernan Press,2017-12-15 The Statistical Abstract of the United States has provided a statistical portrait of social political demographic and economic conditions of America since 1878 This 2018 edition continues the heritage begun so long ago by the U S government with the U S Census Bureau being the last agency to produce the compendium at government expense Now in our sixth annual edition Bernan and ProQuest carry on the proud tradition and responsibility of creating the statistical portrait of America Librarians value the Statistical Abstract as both an answer book and a guide to statistical sources Long time users of the Statistical Abstract of the United States expect each new edition to carry forward much of the content from prior editions as well as introduce new data as America continues to evolve Our editors are committed to updating the long standing historical statistics as new data becomes available as well as finding new topics to cover The 2018 edition introduces 40 new tables covering a variety of topics such as Health Insurance Enrollment and Coverage Medicare and Medicaid Dual Enrollment and Medicare Utilization Prescription Psychotherapeutic Drug Use Foodborne Disease Outbreaks and Illnesses Presidential Pardons and Commutations Active Duty Military Personnel and Veterans Enrolled in Higher Education Freedom of Information Act FOIA And much more

**An Introduction to Human Resource Management** Nick Wilton,2016-04-30 Get 12 months FREE access to an interactive eBook when purchasing the paperback Reflecting the global nature of the workplace with its use of real world examples and case studies Nick Wilton s book is not another How to of HRM in practice but goes beyond the prescriptive approach to the practice of strategic HRM and encourages critical reflection to prepare students for the issues and dilemmas they could face in their careers Providing an introduction to the management of people in work organizations it seeks to outline the purpose and operation of HRM activities in the real world whilst situating practice in the context of associated debates and controversies played out in the parallel field of academic study It adopts a critical perspective on the study and practice of HRM to provide the reader with an understanding not only of the potential for HRM to contribute to both improved organizational performance and individual well being in the workplace but also why it very often fails to achieve either of these positive outcomes and suggests that the management of people is not the exclusive preserve of HR specialists but an area of interest or concern for all organizational actors The new edition comes packed with features that

encourage readers to engage and relate theory to practice including Management skills and attributes boxes outlining the required competencies of line managers and HR practitioners HR in practice boxes illustrating how HRM theory works in real world practice Ethical insights presenting ethical considerations for budding practitioners Global insights highlighting practices around the world Research insights inviting students to explore further academic research Case Studies and Examples offering a more in depth look at HRM across a variety of organizations A free interactive eBook featuring author videos web links interactive multiple choice questions free SAGE journal articles extended case studies and other relevant links allowing access on the go and encouraging learning and retention whatever the reading or learning style Aimed at students across the academic spectrum whether studying on a specialist HRM or CIPD program of study a generalist business and management programme or studying HRM as part of a programme in an unrelated discipline such as engineering or humanities Interactivity only available through VitalSource eBook included as part of paperback product ISBN 9781473954199 Access not guaranteed on second hand copies as access code may have previously been redeemed

**Labour Force Statistics** Organisation for Economic Co-operation and Development, 1977 **The Political Power of Global Corporations** John Mikler, 2018-02-12 We have long been told that corporations rule the world their interests seemingly taking precedence over states and their citizens Yet while states civil society and international organizations are well drawn in terms of their institutions ideologies and functions the world's global corporations are often more simply sketched as mechanisms of profit maximization In this book John Mikler re-casts global corporations as political actors with complex identities and strategies Debunking the idea of global corporations as exclusively profit driven entities he shows how they seek not only to drive or modify the agendas of states but to govern in their own right He also explains why we need to re-territorialize global corporations as political actors that reflect and project the political power of the states and regions from which they hail We know the global corporations names we know where they are headquartered and we know where they invest and operate Economic processes are increasingly produced by the control they possess the relationships they have the leverage they employ the strategic decisions they make and the discourses they create to enhance acceptance of their interests This book represents a call to study how they do so rather than making assumptions based on theoretical abstractions

**Labour Markets, Institutions and Inequality** Janine Berg, 2015 Labour market institutions including collective bargaining the regulation of employment contracts and pension and other social protection policies are instrumental for improving the well being of workers and their families as well as societies Yet in many countries these institutions have been eroded in other countries they do not exist This edited volume examines the importance of these institutions for ensuring equitable income distribution including with empirical examples from both developed and developing countries It also analyses the connections between macroeconomic policies and inequality as well as how specific groups women migrant workers youths are affected by labour market institutions **OECD Statistics Catalogue**, 2007
