I see a whole lotta trouble on the horizon but I'm confident I can handle it. I tell myself as long as we can't stand each other we'll be able to keep it strictly professional. Then we touch. Now all bets are off. A Full Length Standalone Office Romance With Guaranteed HEA Just One Spark Jami Rogers, 2023-09-25 Get ready to settle in with this steamy office romance. I just wanted no strings attached sex to celebrate my new job. It was a simple plan that should have gone with zero consequences. This means the guy doesn't end up as my new coworker, he doesn't end up as my new employer's son, and he sure as heck doesn't end up as someone who I have to compete with to keep my job. To be honest, it could have all been worth it had we actually done the deed. But no, now I'm left assigned to the office next to his with memories of his hands on my body and his perfect smell and the way he wears a suit and clearly no time to focus on my actual work. I have a short window to prove that I'm the best for this job so I need to keep my head down and on task. However, I am curious as to why the son of the company has to compete for this job to begin with. I'm also intrigued as to why this man was so desperate to have me one night and now the idea of touching me makes him flinch. Oh well, no guy is worth the distraction. This job is mine **Keeping Secrets** Is Creations, Iona Rose, 2022-02-18 Zach Ten years ago she betrayed me so I walked away devastated and vowed to build the life I wanted. I made more wealth than any human could spend, had fun and messed around plenty too. My friends all thought I was single because I wasn't capable of feeling anything deep but the truth is even after all these years, ten to be exact, I can't get her out of my mind. I've tried everything but nothing stops me from wanting her, remembering the taste of skin, the smell of her hair. Every other woman pales to nothing in comparison to her. Maybe I've built her up to be something she isn't in my mind. Maybe her eyes don't shoot fire when she is angry and sparkle like stars when I'm inside her. Surely the sex wasn't as good as I remember it. I have to know. Once and for all I have to know. So I can move on. I need to see her again and prove to myself she's not as special as I imagine. I decide to find her and put her in a position of submission to me. Like my secretary perhaps. It'll be the perfect revenge too. A standalone Office Romance With HEA **Hero Boss** Piper Sullivan, 2020-06-15 There's something sexy about a woman with a man's name. Stevie Maddox was the last person I would have hired. Or kissed. Or slept with. Somehow I managed to do all three despite her being all wrong for me. But she's funny. Sweet. Sexy as hell. And I can't stop thinking about her. I just have to convince her this is more than just an office romance. He was another rich prick doctor at least that's what I thought. Keeping Dr. Scott in his box would keep everybody safe. It would keep things uncomplicated. Simple. But nothing about the former football player was simple. He was a gentle giant, a dominating gentleman. He wasn't anything like I thought he would be. But we're all wrong for each other, no matter what Scott thinks. I just have to convince him of it too. Before one of us gets hurt.
