

ENGINEERING DESIGN PROPOSAL

Introduction

This proposal is for an engineering design project to develop a new product or service. The project will involve a team of engineers working together to create a new product or service that meets customer needs. The project will involve research, design, testing, and implementation of the product or service.

Scope of Work

The scope of work for this engineering design project includes the following tasks:

- Research and identify customer needs
- Develop a design concept
- Develop a prototype
- Test the prototype
- Refine the design
- Implement the product or service

Deliverables

The deliverables for this engineering design project include the following:

- A detailed design document outlining the design concept, prototype, and implementation plan
- A detailed testing plan
- A final prototype
- A final product or service

Timeline

The timeline for this project is as follows:

- Research and design: 4 weeks
- Testing: 2 weeks
- Refinement: 2 weeks
- Implementation: 4 weeks
