Municipal Benchmarks Assessing Local Performance And Establishing Community Standards:

Municipal Benchmarks David N. Ammons, 2001 This book helps elected and appointed government officials and citizens assess and establish standards for the efficient and effective delivery of quality services. Actual benchmarks are provided for numerous services such as libraries, parks and recreation, public works, emergency medical services, courts, animal control, risk management, and public transport. **Municipal Benchmarks** David Ammons, 2014-12-18 Completely updated with new listings and statistics throughout, this comprehensive resource goes beyond the current literature on local government performance measurement and provides benchmarks on more than 40 key topics against which performance can be assessed in all areas of operation. Ammons has assembled a remarkable volume of benchmark data for a comprehensive range of municipal government services. Municipal Benchmarks will be of considerable help for municipalities in laying the groundwork for an accountable government. Harry Hatry, The Urban Institute, I am delighted to see that ideas for advancing our industry are alive and thriving. Ammons's collection does an incredible service to every municipal manager in the country and perhaps the world. These benchmarks clearly set standardized ways of looking at measuring the performance of municipal service delivery. Ted Gaebler, City Manager, Rancho Cordoba, CA, co-author of Reinventing Government.

[The Role of Public Administration in Building a Harmonious Society](#) Network of Asia-Pacific Schools and Institutes of Public Administration and Governance, Annual Conference, Asian Development Bank, 2006 This volume brings together a collection of papers presented at the annual conference of the Network of Asia Pacific Schools and Institutes of Public Administration and Governance, NAPSIPAG. The publication reflects the diversity of grounded voices to be found in the region. While the approaches are different, a distinguishing feature is the depth of local knowledge they exhibit and the manner in which innovation from within the Asia and Pacific region is highlighted. **Reaching Public Goals** Albert Gore, 1998-04 Job well done! Your clear, user-friendly guide certainly fills a void. A great resource for people interested in government performance. It will be a great resource for state and local practitioners who are grappling with these issues. To our knowledge, it is unique and should prove helpful to government managers and policymakers.
