

# CIVIL PROCEDURE

## PERSONAL JURISDICTION

### BASIS

- Court has the power to enforce judgments on involved parties.
- Plaintiff submits to jurisdiction (by seeking relief, while defendant is subject to rules of resident state)
- Corporations subject to jurisdiction under laws of incorporation

### SERVICE OF PROCESS

- Local statutes determine the type authorized
- Federal Rule 4 governs how federal process is served
- Federal courts may use applicable state law methods
- Service involves in-hand delivery of the summons and complaint
- May be substituted by notification without personal delivery
- Plaintiff must include acknowledgment form in a postage prepaid return envelope
- Constructive: service by publication, where defendant's location is unknown
- Means cannot cause defendant to accept service, nor can it invite defendant into the jurisdiction for sole purpose of service to state
- Those deemed immune include participants involved in proceedings, nonresidents, attorneys, parties, witnesses in unrelated action, and persons in the state discussing out-of-court settlements

### STATE STATUTES

- Long-arm statutes must meet constitutional requirements
- Assertion of jurisdiction whenever defendant has required minimum contacts with state

### CONSTITUTIONAL CONSIDERATIONS

- Due process: full for violation of due process and right to be heard
- Individual notice must be sent when the identity and location of the defendant is known
- Flaw in formalities of how notice is given will not suggest a violation of constitutional rights
- Court has the power to ensure the defendant that judgment is final and no further liability will be incurred in another court
- Absent parties cannot be bound by judgment out of jurisdiction
- Limitation on the exercise of a state's substantial jurisdiction

### FEDERAL COURTS

- Without federal legislation, each federal court must refer to state's laws governing out of state service
- Prohibition: part of specific federal causes of action
- Federal courts may use long-arm statutes
- Federal Rule 4(g) allows service of process within 100 miles of federal courthouse for specific additional parties to action

## STANDARDS

### OVERREACHING

- In personam** State has exclusive power over all people within its borders. • Court may render judgments in any suits • Defendant must have been present in the state at the time • Defendant does not have to be a citizen
- In rem** State has exclusive power over all in-state property • Court may render judgments concerning ownership
- Quasi in rem** State property may be used to reach the defendant • May be used to secure a preexisting claim to property • Involves an underlying right • May be used when personal rights are unrelated to property
- Attachment** Validates the state's claim of power • Ensures that enforcement of any judgment is fulfilled

### REACHABLES

- Location: determining factor of state power
- Example: stocks most where the stock certificates are located

### CONTACT

- At any time, party may concede to a court's binding authority

### CONTINUING OBLIGATIONS

- Jurisdiction depends on something that does not, and may never, exist

### MINIMUM CONTACT

- International Shoe case underlines due process approach to in personam jurisdiction
- Defendant should have ample minimum contact with the state so that justice would not be impeded in the assertion of jurisdiction
- Court must be fair forum so that defendant may be heard
- Overlapping and independent requirements
- Continuous and systematic activities involving the state
- Worldwide Volkswagen case states that deliberate activity out of state that is aimed at obtaining benefit, direct or indirect, from that forum will be enough
- Shaffer Court states mere presence of property in forum is not sufficient to confer jurisdiction

## JUDGMENTS AND VERDICTS

### RELIEF

- Principles** Party may seek to set aside judgment and obtain a new trial
- Procedures** Timing restrictions may vary • Right to due process
- Grounds** Independent action on grounds of equity
- Federal Rule 60(b)** • Party moves within one year to show that judgment was entered due to neglect or mistake, new material need or withheld • Circumstances may have changed

### JURISDICTION

- General** Judge instructs jury on the law, which is applied to facts • Choose which party • Minimal jury control
- Special** Court requests specific findings of fact • Trial process is more precise • Jury cannot act on facts or ignore the law
- Interrogatories** Judge instructs jury on law and requests a general verdict • Specific cross-check questions are submitted • Ensure that the law was applied properly
- Impeachment** Jury did not function properly • Judgment must be set aside • Parties may have been deprived of right to impartial jury

### NOCKEMENT

- Want prevent the defendant from hiding or moving assets in order to prevent party from defying the court's order
- Procedure: posting of bond to prevent frivolous cases that could only serve to clog the court system

**A+, Network+, Security+ Exams in a Nutshell** Pawan K. Bhardwaj, 2007-03-27 If you are preparing for the new CompTIA 2006 certification in A or the current Network and Security certifications you will find this book invaluable. It provides all the information you need to get ready for these exams including the four new A exams, the required Essentials exam, and three elective exams that pertain to your area of specialization. As with other O'Reilly Nutshell books for certification exams, A Network and Security in a Nutshell follows a proven style and approach. It reviews all of the topics needed to master each exam in a remarkably concise format with required knowledge boiled down to the core. Instead of plowing through 500 to 700 pages to prepare for each exam, this book covers each one in approximately 150 pages. And because the objectives for the three elective A exams are redundant, the book covers them in one section. The exams covered include A Essentials Required for A 2006 certification EXAM 220 602 For the A IT Technician specialization EXAM 220 603 For the A Remote Support Technician specialization EXAM 220 604 For the A IT Depot specialization EXAM N10 003 For Network Certification EXAM SYO 101 For Security Certification. Each exam is covered in three parts: Exam Overview, Study Guide, and Prep and Practice. Plenty of detailed tables and screen shots are included along with study notes and practice questions. Once you have completed the exams successfully, you will find this all in one book to be a valuable reference to core administration and security skills.
