Edward Said Adel Iskandar, Hakem Rustom, 2010-08-30 This indispensable volume a comprehensive and wide ranging resource on Edward Said's life and work spans his broad legacy both within and beyond the academy The book brings together contributions from 31 luminaries to engage Said's provocative ideas **In Counterpoint** Kristine

Suna-Koro, 2017-05-01 What does postcoloniality have to do with sacramentality How do diasporic lives and imaginaries shape the course of postcolonial sacramental theology Neither postcolonial theorists nor sacramental theologians have hitherto sought to engage in a sustained dialogue with one another In this trailblazing volume Kristine Suna Koro brings postcolonialism diaspora discourse and Christian sacramental theology into a mutually critical and constructive transdisciplinary conversation Dialoguing with thinkers as diverse as Edward Said and Gayatri Spivak as well as Francis D Sa S J Martin Luther Mayra Rivera and John Chryssavgis the author offers a postcolonial retrieval of sacramentality through a robust theological engagement with the postcolonial notions of hybridity contrapuntality planetarity and Third Space While exploring the methodological potential of diasporic imaginary in theology this innovative book advances the notion of sacramental pluriverse and of Christ as its paradigmatic crescendo within the sacramental economy of creation and redemptive transformation In the context of ecological degradation *In Counterpoint* argues that it is vital for the postcolonial sacramental renewal to be rooted in ethics as a uniquely postcolonial fundamental theology **Orientalism and Musical**

Mission Rachel Beckles Willson, 2013-04-18 *Orientalism and Musical Mission* presents a new way of understanding music's connections with imperialism drawing on new archive sources and interviews and using the lens of mission Rachel Beckles Willson demonstrates how institutions such as churches schools radio stations and governments influenced by missions from Europe and North America since the mid nineteenth century have consistently claimed that music provides a way of understanding and reforming Arab civilians in Palestine Beckles Willson discusses the phenomenon not only in religious and developmental aid circles where it has had strong currency but also in broader political contexts Plotting a historical trajectory from the late Ottoman and British Mandate eras to the present time the book sheds new light on relations between Europe the USA and the Palestinians and creates space for a neglected Palestinian music history **The Question of**

Space Marijn Nieuwenhuis, David Crouch, 2017-09-29 The spatial turn has been deeply influential across the humanities and social sciences for several decades Yet despite this long term influence most volumes focus mainly on geography and tend to take a Eurocentric approach to the topic *The Question of Space* takes a multidisciplinary approach to understanding how the spatial turn has affected other disciplines By connecting developments across radically different fields the volume bridges the very borders that separate the academic space From new geographies through performance the internet politics and the arts the distinctive chapters undertake conversations that often surprisingly converge in approach questions and insights Together the chapters transcend longstanding disciplinary boundaries to build a constructive dialogue around the question of

space Musical Biography Jolanta T. Pekacz, 2017-07-05 Musical biography has rarely been an object of theoretical and methodological reflection Our present day perception of the lives of prominent composers and performers of the past has been largely formed by cultural and political assumptions of nineteenth century biographers and their twentieth century followers While older biographies are being scrutinized for veracity and updated with new evidence their historiographical premisses and narrative techniques remain largely unchallenged The epistemological upheavals in the humanities since the 1960s have generated a body of theoretical thought that has undermined many of the assumptions of traditional biography Consequently many of these assumptions have lost their hold as viable underpinnings for present day scholarly biography For example the accumulation of facts is no longer believed to bring us closer to an understanding of the subject nor are the traditional views of the unified self and the self as a foundational idea taken for granted This volume brings together musicologists and historians who explore through individual case studies the rich potential of these new theories for writing musical lives The authors of this volume examine how the insights provided by these theories illuminate our critical reassessment of older biographies and the interpretations of musical works these biographies were used to construe and help forge new approaches to musical biography The authors also explore the functions musical biographies served in different historical contexts the relevance of biography for musical criticism the reliability of archival evidence the ethics of biography the demands placed on biography by feminist and gender history and the new possibilities offered by cinema The contributors to this volume challenge the view that biography has little importance for music history analysis and criticism Collectively they reassert biography's centrality and relevance and dem
