comes a clever and witty first novel of a twentysomething New Yorker who wakes up one morning with the power to predict the future Knowledge is power So when an unassuming Manhattan bassist named Will Dando awakens from a dream one morning with 108 predictions about the future in his head he rapidly finds himself the most powerful man in the world Protecting his anonymity by calling himself the Oracle he sets up a heavily guarded Web site with the help of his friend Hamza to selectively announce his revelations In no time global corporations are offering him millions for exclusive access eager to profit from his prophecies He s also making a lot of high powered enemies from the President of the United States and a nationally prominent televangelist to a warlord with a nuclear missile and an assassin grandmother Legions of cyber spies are unleashed to hack the Site as it s come to be called and the best manhunters money can buy are deployed not only to unmask the Oracle but to take him out of the game entirely With only a handful of people he can trust including a beautiful journalist it s all Will can do to simply survive elude exposure and protect those he loves long enough to use his knowledge to save the world Delivering fast paced adventure on a global scale as well as sharp witted satire on our concepts of power and faith Marvel writer Charles Soule s audacious debut novel takes readers on a rollicking ride where it s impossible to predict what will happen next

*Ghost Work* Mary L. Gray,Siddharth Suri,2019-05-07 In the spirit of Nickel and Dimed a necessary and revelatory expose of the invisible human workforce that powers the web and that foreshadows the true future of work Hidden beneath the surface of the web lost in our wrong headed debates about AI a new menace is looming Anthropologist Mary L Gray and computer scientist Siddharth Suri team up to unveil how services delivered by companies like Amazon Google Microsoft and Uber can only function smoothly thanks to the judgment and experience of a vast invisible human labor force These people doing ghost work make the internet seem smart They perform high tech piecework flagging X rated content proofreading designing engine parts and much more An estimated 8 percent of Americans have worked at least once in this ghost economy and that number is growing They usually earn less than legal minimums for traditional work they have no health benefits and they can be fired at any time for any reason or none There are no labor laws to govern this kind of work and these latter day assembly lines draw in and all too often overwork and underpay a surprisingly diverse range of workers harried young mothers professionals forced into early retirement recent grads who can t get a toehold on the traditional employment ladder and minorities shut out of the jobs they want Gray and Suri also show how ghost workers employers and society at large can ensure that this new kind of work creates opportunity rather than misery for those who do it
