## **Mussolinis Shadow The Double Life Of Count Galeazzo Ciano:**

**Mussolini's Shadow** Ray Moseley,1999-01-01 Dotyczy m in Polski [Interbellum Literature](#) Cor Hermans,2017-07-10

In Interbellum Literature historian Cor Hermans presents a panorama of modernist writing in the ominous period 1918-1940. The book offers in full scope an engaging synthesis of the most stimulating ideas and tendencies in the novels and plays of a wide circle of writers from France Proust Gide Camus Celine Tzara Aragon Simone Weil England and Ireland Virginia Woolf Orwell Joyce Beckett the USA Scott Fitzgerald Arthur Miller O'Neill Hemingway Austria Hungary Musil Broch Kafka Zweig Roth and Germany Hesse Jünger Bell Thomas Mann Caught between world wars they nevertheless succeeded in creating some of the best literature ever. They created a philosophy as well rejecting bourgeois mechanical society designing escape routes from the nihilism of the times.

**Spies in the Vatican** David J. Alvarez,2002 Ranging across two centuries of world history Alvarez's fascinating study throws open the Vatican's doors to reveal the startling but little known world of espionage in one of the most sacred places on earth. *Vichy's Double Bind* Karine Varley,2023-06-01 Vichy's Double Bind advances a significant new interpretation of French collaboration during the Second World War. Arguing that the path to collaboration involved not merely Nazi Germany but Fascist Italy it suggests that the Vichy French government was caught in a double bind. On the one hand many of the threats to France's territory colonial empire and power came from Rome as well as Berlin. On the other Vichy was caught between the irreconcilable yet inescapable positions of the two Axis governments. Unable to resolve the conflict Vichy sought to play the two Axis powers against each other. By exploring French dealings with Italy at diplomatic military and local levels in France and its colonial empire this book reveals the multi dimensional and multi directional nature of Vichy's policy. It therefore challenges many enduring conceptions of collaboration with reference to Franco German relations and offers a fresh perspective on debates about Vichy France and collaboration with Nazi Germany and Fascist Italy.

*A British Fascist in the Second World War* Claudia Baldoli, Brendan Fleming,2014-09-25 A British Fascist in the Second World War presents the edited diary of the British fascist Italophile James Strachey Barnes. Previously unpublished the diary is a significant source for all students of the Second World War and the history of European and British fascism. The diary covers the period from the fall of Mussolini in 1943 to the end of the war in 1945 two years in which British fascist Major James Strachey Barnes lived in Italy as a traitor. Like William Joyce in Germany he was involved in propaganda activity directed at Britain the country of which he was formally a citizen. Brought up by upper class English grandparents who had retired to Tuscany he chose Italy as his own country and in 1940 applied for Italian citizenship. By then Barnes had become a well known fascist writer. His diary is an extraordinary source written during the dramatic events of the Italian campaign. It reveals how events in Italy gradually affected his ideas about fascism Italy civilisation and religion. It tells much about Italian society under the strain of war and Allied bombing and about the behaviour of both prominent fascist leaders and ordinary Italians. The diary also contains fascinating glimpses of Barnes's relationship with Ezra Pound with Barnes

attaching great significance to their discussion of economic issues in particular With a scholarly introduction and an extensive bibliography and sources section included this edited diary is an invaluable resource for anyone interested in learning more about the ideological complexities of the Second World War and fascism in 20th century Europe ***The Rise of Fascism*** Patrick G. Zander,2016-01-25 This book is a valuable resource for understanding the character development and consequences of fascist dictatorships Approximately 60 million lives were taken during World War II This book serves to explore the ultimate cause of it fascism and to educate readers on the history and motivation behind this complex political movement This historical exploration includes many helpful educational tools including a timeline an encyclopedia and excerpts from primary source documents Using primary document sources the author provides a direct account of the origin and evolution of fascism This text analyzes the rise of fascism in Austria Germany Italy Portugal and Spain from 1919 through 1945 Readers in high school and college will not only learn the facts surrounding World War II but also understand the cultural environment and events that led up to the devastation of the Holocaust This text is crucial for educating students about the beginnings and extension of the fascist movement in Europe in the early 20th century **Mussolini** Richard J. B. Bosworth,2014-03-04 The new edition of this award winning biography contains fresh insights into one of history s most intriguing figures By emphasizing the impact of political and social upheaval in shaping Mussolini s image Bosworth skillfully juxtaposes his subject s renowned brutality against his inner compassion Mussolini never fails to grip **The Journal of Military History** ,2000 **The bad German and the good Italian** Filippo Focardi,2023-08-29 In the Axis War on the side of Germany Mussolini s Italy was responsible for serious war crimes especially in Yugoslavia and Greece This dark side of the fascist war however is not present in the national memory built after 1945 To distinguish Italy from the former German ally and avoid a punitive peace the monarchist and anti fascist ruling classes elaborated a master narrative that highlighted the opposition of the Italian people to Mussolini s war and the humanitarian behavior of Italian soldiers depicted as saviors of Jews All responsibility for the crimes committed in the Axis war was placed on the shoulders of the Germans who thus became a convenient alibi for the national conscience **Mussolini** Ray Moseley,2004-06-30 In his last days Mussolini the tyrant was in the grip of anger shame and depression The German armed forces that had sustained his puppet government since its creation in September 1943 were being inexorably driven out of Italy the frontiers of his Fascist republic were shrinking daily and Mussolini was aware that German military leaders were negotiating with the Allies behind his back in neutral Switzerland Moseley s well researched and highly engaging tome throws light on the last twenty months of the despot s life and culminates with the dramatic capture and execution of Mussolini and his mistress Claretta Petacci by partisans of the Italian resistance on April 28 1945 **The Great World War, 1914-45: Lightning strikes twice** Peter Liddle,J. M. Bourne,Ian R. Whitehead,2000

**Europe Since 1914** John M. Merriman,J. M. Winter,2006 Presents alphabetized articles on approximately eight hundred topics related to the history of Europe from the Bolshevik Revolution to the European Union

covering political social cultural military scientific and economic aspects and includes maps a chronology and illustrations

*The Last Days of Mussolini* Ray Moseley,2006 The Last Days of Mussolini throws light on the last months of the despot s life culminates with the dramatic capture execution of Benito Mussolini his mistress Clara Petacci by partisans of the Italian resistance on 28 April 1945 The book offers evidence that Walter Audisio did in fact pull the trigger

### **The Politics of**

**Archaeology and Identity in a Global Context** Susan Kane,2003 One of the most controversial topics in archaeology is the relationship between archaeology and nationalism how issues of ethnicity cultural identity nationalism and politics affect the study of the past This volume demonstrates that if the discipline of archaeology may be defined as the interaction of present and past in the study of material evidence the interpretation of such evidence is greatly dependent on who is doing the analysis and for what reasons be they political personal academic or economic The eight papers in this collection with their variety of approaches and diverse geographical scope including Albania Central and North America Egypt Greece Israel Italy Japan and Turkey are a contribution to the ongoing discussion of archaeology and the construction of identity and how modern archaeology can aid humanity in the search for its past and present identities

### **Encyclopedia of World War II:**

**A-C** ,2005 An unprecedeted achievement in publishing a multivolume encyclopedic resource for both the general reader and specialist on the central conflict of the 20th century The encyclopedia of World War II covers the entire scope of the Second World War from its earliest roots to its continuing impact on global politics and human society

### **World Fascism** Cyprian

Blamires,2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale

**World Fascism A Historical Encyclopedia** covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism s enduring appeal 500 A Z entries on fascist leaders and the movements doctrines and key events associated with fascism An extensive index that enables readers to locate topics quickly and easily Information about fascism as a worldwide movement from a wide range of sources Contributions from over 100 scholars from more than 20 nations

**Claretta Roberto Gervaso,2001**

### **Historical Dictionary of Modern Italy** Mark

Gilbert, Robert K. Nilsson, 2007-09-19 Italy is a country that exercises a hold on the imagination of people all over the world. Its long history has left an inexhaustible treasure chest of cultural achievement. The historic cities of Rome, Florence and Venice are among the most sought after destinations in the world for tourists and art lovers and Italy's natural beauty and cuisine are rightly renowned. Italy's history and politics are also a source of endless fascination. Modern Italy has consistently been a political laboratory for the rest of Europe. In the 19th century Italian patriotism was of crucial importance in the struggle against the absolute governments reintroduced after the Congress of Vienna 1814-15. After the fall of Fascism during World War II Italy became a model of rapid economic development though its politics has never been less than contentious and its democracy has remained a troubled one. The second edition of *Historical Dictionary of Modern Italy* is an attempt to introduce the key personalities, events, social developments and cultural achievements of Italy since the beginning of the 19th century when Italy first began to emerge as something more than a geographical entity and national feeling began to grow. This is done through a chronology, a list of acronyms and abbreviations, an introductory essay, a map, a bibliography and some 400 cross-referenced dictionary entries on prominent individuals, basic institutions, crucial events, history, politics, economics, society and culture.

**Hitler and His Generals** Adolf Hitler, 2003 The only complete edition in any language of all the known stenographic conferences. These are the first verbatim records in history of military planning at the highest level.

**War Aims in the Second World War** Victor Rothwell, 2005 This introduction to the war aims of the key belligerents in World War II including Germany, Britain, France, Italy, the Soviet Union, Japan and the USA covers issues such as ideological aims, territorial expansion, national liberation or unification, commercial and colonial gain.
