**Screaming on the Inside**

Jessica Grose,2022-12-06

If this book feels like it's sounding the alarm on the state of American motherhood well that's because it is. San Francisco Chronicle In this timely and necessary book New York Times opinion writer Jessica Grose dismantles two hundred years of unrealistic parenting expectations and empowers today's mothers to make choices that actually serve themselves their children and their communities. Close your eyes and picture the perfect mother. She is usually blonde and thin. Her roots are never showing and she installed that gleaming kitchen backsplash herself watch her TikTok for DIY tips. She seamlessly melds work wellness and home and during the depths of the pandemic she also ran remote school and woke up at 5 a.m. to meditate. You may read this and think it's bananas you have probably internalized much of it. Journalist Jessica Grose sure had. After she failed to meet every one of her own expectations for her first pregnancy she devoted her career to revealing how morally bankrupt so many of these ideas and pressures are. Now in *Screaming on the Inside* Grose weaves together her personal journey with scientific historical and contemporary reporting to be the voice for American parents she wishes she'd had a decade ago. The truth is that parenting cannot follow a recipe there's no foolproof set of rules that will result in a perfectly adjusted child. Every parent has different values and we will have different ideas about how to pass those values along to our children. What successful parenting has in common regardless of culture or community is close observation of the kind of unique humans our children are. In thoughtful and revelatory chapters about pregnancy identity work social media and the crisis of the Covid 19 pandemic Grose explains how we got to this moment why the current state of expectations on mothers is wholly unsustainable and how we can move towards something better
