## Book to Trending Price Store Hours:

**Humanocracy, Updated and Expanded** Gary Hamel, Michele Zanini, 2025-08-26 A powerful new edition of the Wall Street Journal bestseller that helps leaders build radically more human and capable organizations. Now more than ever we need organizations that are daring, resilient, and creative. Unfortunately, when confronted by unprecedented challenges, most companies and institutions prove to be timid, plodding, and orthodox. The culprit is bureaucracy. With its top-down power structures and rule-choked systems, bureaucracy hobbles ingenuity and innovation. In a time of upheaval, these long-tolerated impediments are fast becoming competitively and economically untenable. Humanity needs and deserves something better. In *Humanocracy*, Gary Hamel and Michele Zanini make a passionate, data-driven argument for unstalling bureaucracy and reinventing management as we know it. In this extensively updated and expanded edition, readers will find new and compelling case studies, the latest research findings, and a wealth of fresh and provocative insights. *Humanocracy* is both a manifesto for institutional renewal and a blueprint for building organizations that are as courageous, energetic, and ingenious as the people inside them. Essential building blocks include: Motivation, Rallying colleagues to the challenge of reimagining management as usual; Models, Leveraging the experience of vanguard organizations that have successfully disrupted the bureaucratic status quo; Mindsets, Escaping the industrial age thinking that undermines the quest to build radically more capable organizations; Mobilization, Activating a pro-change coalition to hack outmoded management systems and processes; Migration, Embedding the principles of humanocracy: ownership, markets, meritocracy, community, openness, experimentation, and paradox, in your organization's DNA. If you've finally run out of patience with bureaucratic bullshit, if you're eager to build an organization that can outrun change and outperform expectations, if you believe every team member deserves the chance to do something extraordinary, then this book's for you.
