**Microsoft Project 2010: The Missing Manual** Bonnie Biafore, 2010-06-21 Microsoft Project is brimming with features to help you manage any project large or small. But learning the software is only half the battle. What you really need is real world guidance how to prep your project before touching your PC which Project tools work best and which ones to use with care. This book explains it all helping you go from project manager to project master. Get a project management primer. Discover what it takes to handle a project successfully. Learn the program inside out. Get step by step instructions for Project Standard and Project Professional Build and refine your plan. Put together your team schedule and budget. Achieve the results you want. Build realistic schedules and learn how to keep costs under control. Track your progress. Measure your performance. Make course corrections and manage changes. Use Project's power tools. Customize Project's features and views and transfer info directly between Project and other programs. *Microsoft Project 2010 Inside Out* Teresa Stover, Bonnie Biafore, Andreea Marinescu, 2011-05-15 Conquer Microsoft Project 2010 from the inside out. You're beyond the basics so dive right in and really put your project management skills to work. This supremely organized reference packs hundreds of timesaving solutions, troubleshooting tips and workarounds. It's all muscle and no fluff. Discover how the experts tackle Project 2010 and challenge yourself to new levels of mastery. Take charge of the project triangle time, money and scope to balance your plan. Enable collaboration among team members, sponsors and other project stakeholders. Manually schedule tasks or use the automatic scheduling engine. Track and control your project using earned value analysis. Create pivot views of project data with Microsoft Excel R 2010 and Visio R 2010. Manage project activities in an enterprise project management environment. Apply your experience to future projects by creating your own custom templates. [The Project Management Answer Book](#) Jeff Furman PMP, 2014-12 If it's essential to project management it's in here. The first edition of [The Project Management Answer Book](#) addressed all the key principles of project management that every project manager needs to know. With a new chapter on scrum agile updates throughout and many new PMP test tips this new edition builds on that solid foundation. The structure of this update maps closely to the PMBOK Guide Fifth Edition and is designed to assist anyone studying for the PMP and other certification exams. Helpful sections cover Networking and social media tips for PMs including the best professional organizations, virtual groups and podcast resources. The formulas PMs need to know plus a template to help certification candidates prepare and self test for their exams. Quick study sheet for the processes covered on the PMP exam. Key changes in PMBOK Guide Fifth Edition for readers familiar with earlier versions who want the skinny on the new version. PMs at every level will find real gold in the information nuggets provided in this new edition. Those new to project management will find the comprehensive coverage and the depth of the answers especially valuable and will like the easy to read style and Q & A format. For experienced managers looking for new tools and skills to help them pass their PMP or other certification exams this is a must have resource.
