**The Online Advertising Tax as the Foundation of a Public Service Internet** Christian Fuchs, 2018-06-20 Online advertising will soon form the largest share of global advertisement revenues Google and Facebook netted profits of US 29 billion in 2016 While these two giants control more than 66% of all online advertising revenues complex legal company structures have minimised their tax liabilities This extended policy report considers where they should be taxed and where the value of their activities is actually created It argues that tax paid by those platforms should be levied in the country where platform users are located when they click on or view an advertisement Furthermore the report examines the practical steps needed to ensure transparent accounting of taxed transactions in order to avoid long term negative effects for media and democracy Considering counter arguments the author makes the case for an online advertising tax alongside a public service Internet strategy that could support other viable platforms and counter the dangers of duopoly or oligopoly and the high risks of financial bubbles in a world where advertising is the Internet's dominant business model *Economic and Revenue Update* ,2012 [Debunk This!](#) Matt Palumbo, 2019-08-20 Countless studies have proven that over 90 percent of Trump related news coverage is negative and the percentage of journalists that identify as Republicans are in the single digits When liberals are running the show you can bet that their narrative has gone unchallenged If you tell a lie long enough people will begin to believe it and that's certainly the case with so many liberal myths that have become accepted as conventional wisdom In this book you'll learn among many other facts What happened to non gun mass killings when Australia enacted strict gun control The truth about Scandinavian socialism How Obama twisted the numbers to appear tough on immigration Why Mexico has stricter immigration laws than the US How Bill Clinton faked the Clinton surplus That the US doesn't have the majority of the world's mass shootings Why statistics claiming that illegal aliens commit fewer crimes than the general public are bogus The countless lies the media simply made up about the Trump administration If you're in need of ammunition to shoot down liberal lies this is the book for you **Merger and Acquisition Sourcebook** Walter Jurek, 2008 **Resource Guide to Free Tax Products and Services** California.
