## **Montaillou The Promised Land Of Error:**

**Montaillou, the Promised Land of Error** Emmanuel Le Roy Ladurie, 1979 In the early 1300 s the village of Montaillou and the surrounding mountainous region of Southern France was full of heretics When Jacques Fournier Bishop of Pamiers launched an elaborate Inquisition to stamp them out the peasants and shepherds he interrogated revealed along with their position on official Catholicism many details of their everyday life Basing his absorbing study on these vivid carefully recorded statements of peasants who lived more than 600 years ago Pierre Clergue the powerful village priest and shameless womanizer is even heard explaining his techniques of seduction eminent historian Le Roy Ladurie reconstructs the economy and social structure of the community and probes the most intimate aspects of medieval life love and marriage gestures and emotions conversations and gossip clans and factions crime and violence concepts of time and space attitudes to the past animals magic and folklore death and beliefs about the other world Montaillou Emmanuel Le Roy Ladurie, 2013-09-05 An enthralling account of day to day life in a medieval French village Using records gathered by the Catholic Church in its pursuit of heretics the book recreates the lives of a rich cast of village characters *The Household and the Making of History* Mary S. Hartman, 2004-04-12 This book argues that a unique late marriage pattern discovered in the 1960s but originating in the Middle Ages explains the continuing puzzle of why western Europe was the site of changes that from about 1500 gave rise to the modern world Contrary to views that credit upheavals from the late eighteenth century were responsible for ushering in the contemporary global era it contends that the roots of modern developments themselves are located in an event more than a millennium earlier when the peasants in northwestern Europe began to marry their daughters almost as late as their sons The appearance of this late marriage system with its unstable nuclear household form will also be shown to have exposed for the first time the common ingredients whose presence has perpetuated beliefs in the importance of gender difference and of a sexual hierarchy favoring males *Vision and Method in Historical Sociology* Theda Skocpol, 1984-09-28 Examines the careers and contributions of nine major scholars who have been influential in the development of historical sociology Covers the work of Marc Bloch Karl Polanyi S N Eisenstadt Reinhard Bendix Perry Anderson E P Thompson Charles Tilly Immanuel Wallerstein and Barrington Moore Jr Medieval France William W. Kibler, 1995 Arranged alphabetically with a brief introduction that clearly defines the scope and purpose of the book Illustrations include maps B W photographs genealogical tables and lists of architectural terms **Reading Primary Sources** Miriam Dobson, Benjamin Ziemann, 2008-09-03 How does the historian approach primary sources How do interpretations differ How can they be used to write history Reading Primary Sources goes a long way to providing answers for these questions In the first part of this unique volume the chapters give an overview of both traditional and new methodological approaches to the use of sources analyzing the way that these have changed over time The second part gives an overview of twelve different types of written sources including letters opinion polls surveillance reports diaries novels newspapers and dreams taking into account the

huge expansion in the range of written primary sources used by historians over the last thirty years This book is an up to date introduction into the historical context of these different genres the ways they should be read the possible insights and results these sources offer and the pitfalls of their interpretation All of the chapters push the reader beyond a conventional understanding of source texts as mere reflections of a given reality instead fostering an understanding of how each of the various genres has to be seen as a medium in its own right Taking examples of sources from around the globe and also including a student friendly further reading section this is the perfect companion for every student of history who wants to engage with sources     The Encyclopedia of World Facts and Dates Gorton Carruth,1993 A one volume reference listing more than 50 000 significant facts dates and events from politics the arts the economy exploration religion philosophy science human rights sports social issues and more The information is arranged by timespans so all information is given in its complete historical context Includes extensive and detailed alphabetical index with proper names places and topics

**Montaillou,Cathars and Catholics in a French Village** Emmanuel Le Roy Ladurie,1979     **The Pyrenees in the Modern Era** Martyn Lyons,2019-09-19 This original study examines different incarnations of the Pyrenees beginning with the assumptions of 18th century geologists who treated the mountains like a laboratory and romantic 19th century tourists and habitu s of the spa resorts who went in search of the picturesque and the sublime The book analyses the individual visions of the heroic Pyrenees which in turn fascinated 19th century mountaineers and the racing cyclists of the early Tour de France Martyn Lyons also investigates the role of the Pyrenees during the Second World War as an escape route from Nazi occupied France when for thousands of refugees these dangerous borderlands became the mountains of liberty and considers the place of the Pyrenees in recent times right up to the present day Drawing on travel writing press reports and scientific texts in several languages The Pyrenees in the Modern Era explores both the French and Spanish sides of the Pyrenees to provide a nuanced historical understanding of the cultural construction of one of Europe s most prominent border regions This book will be of great interest to scholars and students of Europe s cultural history in a transnational context     Latin American Research Review ,1999     **Rocznik orientalistyczny** ,2005     *Geschichte der geschichtsschreibung* ,1990
