**POP-UP HOTEL REVOLUTION, the architectural innovation about to come in the hotel industry** Joseph Di Pasquale, Chiara Butta, Paola Zatti, 2015 WHICH IS MOVING PEOPLE OR ARCHITECTURE In an era where nomadism is the keyword that relates people to the rest of the world architecture is seeking for a concrete response to the recent needs result of the rise of mobility and worldwide travels The proposal of new modular structures for the hospitality market defines the tendency to think movable modular flexible

**Food Wheel** James Brazil, 2018-11-27 The Food Wheel is an urban activator proposed to be developed as a butterfly building a light and movable pavilion which may activate temporary public space around the concept of food It was conceptualized as a response to challenges experienced in connecting food people and place during the development of the MKTplace project MKTplace is a community driven prepared food market and public space project that serves to activate vacant space in underserved neighborhoods by providing inexpensive incubator space for vendors and a venue for community events arts and culture Urban Prototyping seeks to adapt a Fabrication Information Modeling into the design and build prototyping of urban interventions Furthermore we aim to explore the spatial and urban implications where the role of civic engagement will propose a new method of architectural practice The goal is to create an associative and collaborative environment that empowers designers to develop integrated fabrication concepts for the public realm

*Architecture in Motion* Robert Kronenburg, 2013-08-15 The idea that architecture can be portable is one that grabs the imagination of both designers and the people who use it perhaps because it so often forecasts a dynamic and creative solution to the complex problems of our contemporary mobile society while at the same time dealing with issues of practicality economy and sustainability *Architecture in Motion* examines the development of portable transportable

demountable and temporary architecture from prehistory to the present day From familiar vernacular models such as the tent mobile home and houseboat to ambitious developments in military and construction engineering all aspects of portable building are considered Building on his earlier works Portable Architecture and Houses in Motion Robert Kronenburg compares traditional forms of building current commercial products and the work of innovative designers and examines key contemporary portable buildings to reveal surprising exciting and imaginative examples He explores the philosophical and technological issues raised by these experimental and futuristic prototypes By understanding the nature of transitory architecture a new ecologically aware design strategy can be developed to prioritise buildings that tread lightly on the earth and still convey the sense of identity and community necessary for an established responsible society This book provides a unique insight into this pivotal field of design

**Coolhaus Ice Cream Book** Natasha Case, Freya Estreller, Kathleen Squires, 2014 The owners of the ice cream truck turned national brand share recipes for many of their most popular creations from the bourbon Manhattan to strawberry gelato with snickerdoodles

**Metropolis**, 2008-10 *exlibris* Giovanni Corbellini, 2022-05-18 Architects write a lot especially now when conceptual aspects have become central in the advanced reflections and narrative forms increasingly intersect the quest of design practices for an ultimate legitimation In the growing mass of the publishing offer these keywords try to highlight recurrent issues tracking synthetic paths of orientation between different critical positions with particular attention to what happens in the neighbouring fields of the arts and sciences

*Inside Prefab* Deborah Schneiderman, 2012 As an inherently sustainable and affordable building method prefabrication has enjoyed a revival in recent years attracting clients and architects alike Low construction costs efficiency and sustainability make prefabrication an attractive solution for contemporary interior designers Off site production for interior design elements has been the norm for centuries from the first Asian paper screens to the packaged kitchens of the mid twentieth century but it has rarely been the topic of serious discussion In Inside Prefab author Deborah Schneiderman offers a fascinating history of prefabricated interior design followed by twenty four contemporary case studies The richly illustrated examples in this book range from interior walls kitchens bathrooms furniture and offices to complete prefabricated house interiors This first book length discussion and showcase of the prefabricated interior environment includes projects by established architects such as Shigeru Ban Atelier Tekuto and Greg Lynn as well as up and coming firms
