The 21st Century in 100 Games Aditya Deshbandhu, 2024-06-20 The 21st Century in 100 Games is an interactive public history of the contemporary world. It creates a ludological retelling of the 21st century through 100 games that were announced, launched, and played from the turn of the century. The book analyzes them and then uses the games as a means of entry to examine both key events in the 21st century and the evolution of the gaming industry. Adopting a tri-pronged perspective, the reviewer, the academic, and an industry observer, it studies games as ludo-narratological artefacts and resituates games in a societal context by examining how they affect and are engaged with by players, reviewers, the gaming community, and the larger gaming industry. This book will be a must-read for readers interested in video games, new media, digital culture, culture studies, and history. *Global Marketing Management* Masaaki (Mike) Kotabe, Kristiaan

Playing with Reality Alex Humphreys, 2022 What was it that got you through the Covid-19 pandemic? For some, it was long walks; others, turned to home baking. For millions, it was video games, a booming industry which exploded in popularity over the pandemic years. Confined to our homes and with the lines of reality becoming blurred as everyday life shifted to screens, perhaps it was no wonder that so many of us were desperate to be transported to different worlds. In *Playing with Reality: Gaming in a Pandemic*, journalist and presenter Alex Humphreys, a passionate gamer herself, investigates this extraordinary boom in the gaming industry. Charting its rise, Alex interviews players and developers, sharing a glimpse of what was going on behind closed doors as studios closed and games were finished from home. *Playing with Reality* explores exactly what it was that made gaming a lifeline for so many and what the future holds as we look to the metaverse. Alexandra brilliantly chronicles the boundless creativity of an industry persevering through unprecedented times. Aaryn Flynn Screen Digest
