Get Your Business Online Now! Todd Alexander, 2012-02-28 Online business or e commerce has become the buzzword of the past year. The media and key influencers alike are talking about the potential of e commerce but many Australian businesses have not reached their potential and those managing them don't know how to go about it. One of the obstacles is the lack of affordable local knowledge in the area. The assumption is that anyone with a website can appear on Google and be successful but the reality is vastly different. Consultants will charge tens of thousands of dollars to give the same advice that is contained in this book which includes an outline of the e commerce opportunity, how to design and build an effective website, the best marketing and advertising strategies, logistics and payment solutions utilising marketplaces and mobile commerce and the key to outstanding online customer service. In this straightforward user friendly guide, Todd Alexander, an author with 10 years experience as an e commerce expert, provides the essential tools to get all types of businesses online and make their websites successful and profitable.

Events Management Glenn Bowdin, Johnny Allen, Rob Harris, Ian McDonnell, William O'Toole, 2012-05-23 Events Management is the must have introductory text providing a complete A-Z of the principles and practices of planning, managing and staging events. The book introduces the concepts of event planning and management, presents the study of events management within an academic environment, discusses the key components for staging an event, covering the whole process from creation to evaluation, examines the events industry within its broader business context, covering impacts and event tourism, provides an effective guide for producers of events, contains learning objectives and review questions to consolidate learning. Each chapter features a real life case study to illustrate key concepts and place theory in a practical context, as well as preparing students to tackle any challenges they may face in managing events. Examples include the Beijing Olympic Games, Google Zeitgeist Conference, International Confex Edinburgh International Festival, Ideal Home Show and Glastonbury Festival. Carefully constructed to maximise learning, the text provides the reader with a systematic guide to organizing successful events, examining areas such as staging, logistics, marketing, human resource management, control and budgeting, risk management, impacts, evaluation and reporting. Fully revised and updated content including new chapters on sustainable development and events, perspectives on events and expanded content on marketing, legal issues, risk and health and safety management.
