Lewis, 2008 This comprehensive text for future teachers of learners with disabilities is grounded in the idea that assessment is at the center of all good teaching Its hallmarks are its accessibility balanced coverage of both this formal and informal assessment plus thorough exploration of the link between gathering information and actually using it to make informed decisions Offering a step by step Assessment Question Model on the inside front cover it equips readers to understand the complete assessment process from choosing the best tool to adapting instruction to improving outcomes Popular as well as lesser known tools are examined in order to acquaint readers with promising procedures for assessing students with special needs

Teaching Reading in the Elementary School Thomas G. Devine, 1989 The purpose of this book on reading instruction in the elementary school is twofold firstly to share with colleagues some of the significant works of research and theory that suggest answers to important questions about reading instruction and secondly to describe specific teaching strategies implied by these answers The book assumes that reading is a normal human activity in which children may easily engage sees reading always within the context of the other language arts tends to deemphasize reading skills and

hierarchies of skills and focuses more than some books on children's literature and content area reading. After a brief preface and introduction, the 9 chapters deal with the following topics: 1 early reading, 2 reading familiar words, 3 reading unfamiliar words, 4 reading to comprehend, 5 reading stories, 6 reading in the content areas, 7 reading to study, 8 reading and the other language arts, and 9 organizing for instruction. Each of the chapters ends with an Idea Box which presents a variety of suggested strategies for improving reading instruction and appropriate references for further reading and study. Sr

Reading Horizons, 1990. Reading Horizons began in 1960 by Dorothy J McGinnis as a local reading education newsletter and developed into an international journal serving reading educators and researchers. Major colleges, universities, and individuals subscribe to Reading Horizons across the United States, Canada, and a host of other countries. Dedicated to adding to the growing body of knowledge in literacy, the quarterly journal welcomes new and current research, theoretical essays, opinion pieces, policy studies, and best literacy practices. As a peer-reviewed publication, Reading Horizons endeavors to bring school professionals, literacy researchers, teacher educators, parents, and community leaders together in a collaborative community to widen literacy and language arts horizons. Assessing Special Students James A. McLoughlin, Rena B. Lewis, 1990. McLoughlin and Lewis provide extensive information on the use of testing, computers, and other assessment tools. Guidelines in the monitoring of test results are presented, as well as methods of increasing parent participation in the assessment process.
