Lyft Update:

Uber B. Yasanthi Perera, Pia A. Albinsson, 2020-01-16 Uber is one of the most innovative companies of our time. This book provides a detailed analysis of the company and its success and goes beyond the headlines about safety and culture. Many of us are so accustomed to using Uber today that the name of the innovative ride sharing company has become a verb as in to Uber somewhere and yet Uber has been around only since 2010. Uber has disrupted the ride hailing industry from making it easier and more affordable to become an Uber driver than a cab driver to rating riders as well as drivers. As an early pioneer in using technology to create a new business model and new efficiencies, Uber is considered one of the most important case studies in the sharing economy. However, little in-depth information exists on this innovative company. This book traces Uber's origin and evolution in the face of competitive pressures, discusses the company leadership and corporate culture, addresses such controversies as rider and driver safety and sexual harassment of female employees, and explores how the company is addressing these challenges. Students of business, entrepreneurs, and anyone interested in the development and exponential growth of the sharing economy will benefit from reading this book.

Wow! I'm 80! Samuel Solomon, 2019-05-23 When I reached my 80th birthday I was reminded of my thinking when I was in my late 30s and my father was 72. He proudly stated he was a member of SCORE Service Corps of Retired Executives and was helping local businesses. I had difficulty believing he was capable of helping others based on his advanced age. In retrospect I now realize he was almost 10 years younger than I am so I am documenting to share with others what someone in his 80s can do.

You've Been Played Adrian Hon, 2022-09-20 How games are being harnessed as instruments of exploitation and what we can do about it. Warehouse workers pack boxes while a virtual dragon races across their screen. If they beat their colleagues, they get an award. If not, they can be fired. Uber presents exhausted drivers with challenges to keep them driving. China scores its citizens so they behave well. And games with in-app purchases use achievements to empty your wallet. Points, badges, and leaderboards are creeping into every aspect of modern life. In You've Been Played, game designer Adrian Hon delivers a blistering takedown of how corporations, schools, and

governments use games and gamification as tools for profit and coercion. These are games that we often have no choice but to play where losing has heavy penalties. You've Been Played is a scathing indictment of a tech driven world that wants to convince us that misery is fun and a call to arms for anyone who hopes to preserve their dignity and autonomy.

The combined effect of autonomous driving, electric vehicles and the sharing economy is on the verge of changing the auto industry all within the next decade. And this tech economics revolution will touch virtually every industry. What exactly will change? Jobs Demand for commercial vehicle drivers, car dealers, mechanics, doctors and many other professions will shrink. Laws Manually driving cars will be forbidden and car ownership will be almost nonexistent. Housing Prices will drop and cities and towns will be planned differently. Healthcare Infrastructure will shrink as traffic accidents dramatically decline. Global trade China will become the world's biggest automotive exporter. *The Last Driver's License Holder Has Already Been Born* provides the information and insight you need to position your company for these groundbreaking changes. It reveals the disruptive technologies now taking shape and provides a timeline of when they will take hold. It examines the impact on the industry itself as well as adjacent sectors including jobs and professions, city and street design, hospitals, insurances, politics, security, hospitality, industry, the oil industry, real estate and society at large. And it provides the knowledge and insight you need to keep yourself and your organization ahead of the curve and in front of the competition.
