## Meal Prep Ideas How To:

Good Meal Prep Ideas For Beginners and Dummies Barbara Dawson, 2020-08-18 Meal prepping is meal prepping a meal or recipe then portioning it out to grab and go meals for later. If you've ever had your leftovers from dinner to take with you for lunch the next day then you've already mini meal prepped. Generally though meal prepping refers to preparing 3-7 days worth of food at a time. Think of it like keeping your lunches for the week all at once instead of keeping your lunch for the week. You can use this same technique for breakfast, lunch, dinner, and snacks. Meal prepping involves no extra waste and reduces time to eat outside your home whether that's at a restaurant or a budget. When keeping your meal plan for the day, the question of how long you'll be able to eat homemade meals without having to do it each day to refresh. Meal prepping is not for everyone. It is good for the value of convenience and for more than just variety. With meal prepping you generally eat the same thing for a few days in a row so you don't get bored with food. Meal prepping is not for you if having variety is what you're maximizing your time and budget is more valuable to you than doing something different every day. Meal prepping is not for you if you generally don't see a meal for the month or maybe one other person doing a whole month. Meal prepping for a whole month would be quite difficult but the more you do it the more you'll learn. A food item is stored in the refrigerator for a long time in a slow motion in the refrigerator. In addition to the way food is packed in the individual nuances of your refrigerator can impact the quality of your refrigerated meal. So the longer the food is in the refrigerator the more the texture and flavor will be affected by the eater. Always begin with the refrigerator guidelines to be the FDA and then follow your own preferences. In general, I don't like to eat more than five days worth of food but I find that by that fifth day the food usually tastes like it's been in the refrigerator for a long time.
