## **Operations Supply Chain Management MbAs:**

Operations and Supply Chain Management for MBAs Jack R. Meredith, Scott M. Shafer, 2019-09-11 The seventh edition of Operations and Supply Chain Management for MBAs is the definitive introduction to the fundamental concepts of supply chain and operations management. Designed specifically to meet the needs of MBA students this market leading book offers clear presentation of topics such as process planning and design, capacity and location planning, schedule and inventory management, and enterprise resource planning. A strategic conceptual approach helps readers comprehend the contemporary issues they will soon be facing in industry. This concisely formatted volume enables instructors to customize their courses for the unique requirements of MBA programs. Each chapter integrates material directly into the text rather than sidebars, highlights, and other pedagogical devices to achieve a smooth, easy to read narrative flow. Carefully selected questions prompt discussions that complement the more experienced nature of MBA students while case studies and supplementary materials illustrate key concepts and practices. Topics such as outsourcing and global sourcing, the role of information technology, and global competitiveness strategies assist students to understand working and competing in the globalized economy.

**MBA Programs 2010** Peterson's, 2010-06-15 Peterson's MBA Programs provides comprehensive profiles of up to date information on full time, part time, joint degree, Executive MBA and online graduate programs at more than 1 000 institutions including degrees comparable or equivalent to an MBA. A wealth of facts and figures on admission and degree requirements, entrance difficulty, postgraduate hiring rates, financial aid and contact information for approximately 4 000 graduate level business programs are all available within Peterson's guide. It contains informative articles such as how an MBA can advance a career, how to choose the right program and pay for it, the advantages of getting your advanced business degree abroad, information on the latest hiring and salary trends, and application tips including guidance on how to write a winning essay. Profiles of institutions are listed alphabetically within state, province or country with all the fast facts an applicant needs plus two page narrative descriptions which contain even more in depth information on schools.

**Operations Management for MBAs** Jack R. Meredith, Scott M. Shafer, 1999 Focus on the Needs of the MBA Student. Meredith and Shafer introduce the key topics of operations management focusing on the needs of MBA students. Contemporary concepts of relevance to MBA students such as the balanced scorecard, core competency, mass customization, benchmarking, business process design and enterprise resource planning (SAP) are also included. More importantly the book is written with the marketing, finance and other majors in mind emphasizing how a basic understanding of operations is important to all career paths. Operations management for MBAs is also specifically designed to allow the professor to tailor their course around the students' needs. The streamlined coverage of concepts provides the instructor with the opportunity to integrate additional materials into the course such as cases and readings further enhancing student learning. Furthermore, having a text that solidly covers just the fundamental concepts provides students with the background needed to integrate

these important supplementary materials Key Features of the Text Focus is placed on the needs and skills of MBA students The material is conceptual and strategic in nature making it more relevant and interesting to experienced students Contemporary real world topics such as revenue management service defections and supply chain management address students current needs A condensed and inexpensive treatment of the material allows the instructor to economically add supplementary material Quantitative material is presented only when it provides a better understanding of key concepts

**CompetitiveEdge:A Guide to Business Programs 2013** Peterson's,2013-04-15 Peterson's CompetitiveEdge A Guide to Graduate Business Programs 2013 is a user friendly guide to hundreds of graduate business programs in the United States Canada and abroad Readers will find easy to read narrative descriptions that focus on the essential information that defines each business school or program with photos offering a look at the faces of students faculty and important campus locales Quick Facts offer indispensible data on costs and financial aid information application deadlines valuable contact information and more Also includes enlightening articles on today's MBA degree admissions and application advice new business programs and more
