explores the history of magic shows and scientific entertainment It follows the frictions and connections of magic and science as they occurred in the world of popular entertainment in France from the mid eighteenth to the early twentieth century It

situates conjurers within the broader culture of science and argues that stage magic formed an important popular conduit for science and scientific enthusiasm during this period From the scientific recreations of the fairs to the grand illusions of the

theatre stage and the development of early cinema conjurers used and were inspired by scientific and technological innovations to create illusions provoke a sense of wonder and often even instruct their audience In their hands science took
