**Practical Strategies and Case Studies for Online Marketing 6.0** Wongmahesak, Kittisak, Karim, Fazida

Binti,Wongchestha, Nititorn,2025-05-08 In today's digital landscape staying ahead in online marketing demands more than just keeping up with trends. Marketers must master the new era of online marketing. Online marketing 6.0 represents a new era of marketing innovation by using AI personalization and new immersive experiences that redefine how brands connect with consumers. Through proven strategies and compelling case studies, industry leaders are leveraging the latest tools and platforms to drive growth, build loyalty, and create memorable digital experiences that resonate in a saturated market.

Practical Strategies and Case Studies for Online Marketing 6.0 is a comprehensive collection of real-world examples showcasing the innovation in online marketing. It explores the evolving world of digital marketing, moving beyond the traditional tools into a more technology-based approach. This book not only shows the successful case studies but also the challenges faced in online marketing, highlighting the lessons learned and the adaptability required in this rapidly changing environment. This book covers topics such as AI, metaverse, and ethical and sustainable marketing practices, and is a useful resource for marketing managers, digital marketing specialists, entrepreneurs, business owners, and marketing students.

**Media Management and Artificial Intelligence** Alex Connock,2022-11-18 This cutting-edge textbook examines contemporary media business models in the context of Artificial Intelligence (AI) and digital transformation. AI has dramatically impacted media production and distribution, from recommendation engines to synthetic humans, from video to text tools to natural language models. AI is really the change agent of the media industry. Answered a natural language generation model when AI was asked about the subject of this book. It will open incredible opportunities. This book seeks to explore them. The media is examined through four sections: Principles, maps business models and the key tools of AI; Platforms, covers distribution channels in Games, Streamers, Social Networks, Broadcast, and Digital Publishing; Producers, covers the engines of content making, including Scripted Entertainment, Factual Content, Marketing, Creators, and Music; Finally, Pioneers, covers emerging sectors of Podcasting, Esports, the Metaverse, and other AI-driven developments. Then, in each chapter, a standard value creation model is applied, mapping a single sector through development, production, distribution, and monetisation. Diverse case studies are analysed from India, Nigeria, South Korea, South Africa, France, the Netherlands, the US, the UK, Denmark, and China, around creative entrepreneurship, revenue models, profit drivers, rights, and emerging AI tools. Questions are provided for each case, whilst chapter summaries cement learning. Applied and technology-focused, this text offers core reading for advanced undergraduate and postgraduates studying Media Management or the relationship between Entertainment, Media, and Technology. Online resources include chapter-by-chapter PowerPoint slides and an Instructor's Manual with further exercises and case studies.
