Operations Management CACHON, Gerlhein, 2016-03-31 **Operations Management in Context** Les Galloway, Frank Rowbotham, Masoud Azhashemi, 2012-10-02 Operations Management in Context is a straightforward and accessible text which provides students with a good grounding in the theory and practice of operations management and its role within organisations. The structure is clear and logical leading the newcomer to the subject through the topics in a way to maximise comprehension highlighting key issues and using case studies and examples from business to contextualise learning. Chapters are structured to enable incremental and progressive learning with a logical development of the content. Each chapter is linked and ends with a summary of the key points met in the text to aid revision. Exercises and self assessment questions are included to reinforce learning and maintain variety with answers included at the end of the book. The text is accompanied by a lecturer's supplement **Operations Management** Gérard Cachon, Gaerard Cachon, Christian Terwiesch, 2022 Modern operations means teaching students the content they need in today's world not the world of 30 or 40 years ago. As a result services and global are incorporated throughout rather than confined to dedicated chapters. Manufacturing of course cannot be ignored but again the emphasis is on contemporary issues that are relevant and accessible to students. For example students should learn how to identify the bottleneck in a process and use the ideas from the Toyota Production System to improve performance
