Oracle E-Business Suite R12.x HRMS - A Functionality Guide Pravin S. Ingawale, 2015-06-25 Oracle's E Business Suite Human Capital Management enables organizations to architect a global foundation for HR data and improved business processes. The book starts by introducing Oracle Application E Business Suite its architecture and how to set up the preliminary components such as roles groups and profile options. As you progress through the chapters you'll learn to define common data from an enterprise perspective such as the unique structures for jobs positions job groups and other business entities. As we move from learning the core HR structures you'll learn to implement people management concepts such as maintaining personal information identifying assignments managing assignments of personnel changing assignments and terminating an assignment or employee. By the end of this book you will have a thorough knowledge of implementing a fully functional HR system based on strategic business needs along with a detailed understanding of the key functions and benefits of Oracle HCM.

Using Oracle 11i Jim Crum, BOSS Corporation, 2002 Annotation The must have reference for users and implementers of Oracle Release 11i. This book provides the critical information required to configure and operate the Release 11i applications in one book. Several readers have told us they saved tens of thousands of dollars after reading the previous edition of this book. Special Edition Using Oracle 11i has about 40% new content over the previous version including a new projects chapter a new order management chapter screen shots tips and Release 11i specific material. This book is the most complete reference available for the latest release of the Oracle financial manufacturing HRMS and projects applications. Part 1 introduces the Oracle ERP applications and Release 11i concepts. Part 2 educates the reader on proven techniques for implementing these complex and integrated systems. Part 3 discusses configuration and usage of each of the financial distribution manufacturing HRMS and project applications. Part 4 discusses working with Oracle Support consulting firms and compatible software vendors. The appendixes review the employment market consulting opportunities and provide the reader with an implementation checklist. All of Release 11i's new features are covered in depth and in practical terms. Not only will readers understand Oracle's new capabilities they will be able to apply them right away. The authors are highly respected consultants from BOSS Corporation. They have worked with the Oracle Applications for over eight years since Release 9. Each chapter is written and edited by an expert consultant on that topic. The authors have published many white papers and newsletters about the Oracle Applications. BOSS Corporation is an active sponsor of the Oracle Applications User Group OAUG. The authors have attended the last 14 national conferences presented more than a dozen white papers at OAUG conferences participated in the vendor exhibit hall identified key words for white paper classification and edited articles that are included in OAUG publications.
