Albert Einstein His image is iconic. His face appears on posters and tee shirts, coffee mugs, and calendars, album covers, web pages, and bobble heads. His appearance, the frazzled hair, rumpled trousers, and old sweater, coupled with a heavy German accent, is the quintessential image of mad scientists and absent-minded professors. He was wrote a journalist for Time magazine, a cartoonist's dream. So famous was his appearance that during his lifetime, total strangers would approach him on the street and ask him to explain his famous theory of relativity. Oh no, he would declaim in his heavily accented English. Always I am mistaken for Professor Einstein, no doubt leaving his questioner more mystified than before.
