education under the auspices of IFIP Technical Committee for Education TC3. The conference was held in Harare Zimbabwe 25th-29th August 1997. CapBIT 97 was the first time that the IFIP Technical Committee for Education had held a conference in a developing country. When the Computer Society of Zimbabwe offered to host the event we determined that the location and conference topic reflect the importance of issues facing countries at all stages of development especially Information Technologies. IT development and Information Technologies have become within a short time one of the basic building blocks of modern industrial society. Understanding IT and mastering basic skills and concepts of IT are now regarded as part of the core education of all people around the world alongside reading and writing. IT now permeates the business environment and underpins the success of modern corporations as well as providing government with cost effective civil service systems. At the same time the tools and technologies of IT are of value in the process of learning and in the organisation and management of learning institutions. *Web-Based Learning and Teaching Technologies: Opportunities and Challenges* Aggarwal, Anil K., 1999-07-01. During the past two decades telecommunication technologies combined with Web enabled technologies have created a new technology based focus Web based learning and teaching. This new area has changed the concept of education around the world creating new challenges and opportunities offered by this new technology based concept Web Based Learning and Teaching Technologies. Opportunities and Challenges addresses many issues, trends, opportunities and problems facing colleges and universities in the effective utilization and management of Web based learning and teaching technologies.
