Managing Concentrated Stock Wealth Tim Kochis, Michael J. Lewis, 2015-12-28 The Methodical Compendium of Concentrated Portfolio Options Managing Concentrated Stock Wealth Second Edition is the adviser's guide to skillfully managing the risk and opportunity presented by concentrated stock holdings. Written by Tim Kochis, a recognized leader in financial planning, this book walks you through twenty strategies for managing concentrated stock wealth. Each strategy equips you with the tools and information you need to preserve and grow your client's wealth. Supported with examples from the author's forty years of experience, this practical resource shows you the available options, the best order for clients to review those options, and the reasons why some options are better than others. Kochis addresses common obstacles such as securities law, taxes, and psychological resistance and shows you the strategies and execution to prevail. This new second edition includes updated references, calculations, and illustrations regarding the latest tax laws. Revised coverage of derivatives strategies and more examples of potential blind spots. Tactics to convince some clients to diversify their portfolios and optimize their wealth. Techniques to exploit concentration in pursuance of greater wealth. They say that you should never put all of your eggs in one basket, but compensation packages, inheritances, IPOs, buyouts, and other situations leave many investors holding a significant portion of their wealth in one stock, often leaving their portfolios in a dangerous position. Managing Concentrated Stock Wealth Second Edition shows you how to manage the risks and turn a precarious position into an advantage. *Managing Concentrated Stock Wealth*, 2005 Explains to financial advisers a wide range of strategies for managing concentrated stock positions including sale, gifts to charity, and family and retention. opportunities to unlock lasting wealth require careful navigation. This guide moves beyond generic financial advice. It addresses the technical, behavioral, and strategic layers of concentrated stock management, offering clear insights into tax optimization, liquidity planning, risk mitigation, legacy structuring, and intelligent diversification. Readers will learn how to balance the psychological attachment to their company with the practical need to protect and extend their wealth across generations. Inside you'll find actionable frameworks, case studies, and advanced strategies from 10b5-1 plans and exchange funds to philanthropic strategies like donor advised funds and charitable trusts, all crafted to help you move from exposure to intentional, intelligent wealth stewardship. Whether you're preparing for an IPO, managing post-sale equity, or advising a family office with large concentrated positions, *Unwinding Concentrated Stock* provides the clarity, confidence, and strategies necessary to make informed, high-stakes financial decisions. More than a technical manual, this book is a call to think differently about wealth, transforming it from accumulation into stewardship, from risk into resilience, and from complexity into lasting impact. The goal isn't just to unwind concentrated risk. The goal is to build, protect, and elevate your wealth so that it endures intentionally, intelligently, and generationally.
