Contextualization and the Old Testament Jerry Hwang,2022-09-26 Christianity is often viewed in Asia as a Western imposition Challenging this Dr Jerry Hwang examines the Old Testament's cultural engagement of its ancient Near Eastern context arguing that Scripture itself provides the ultimate model for contextualizing theology in Asia While it is common for missiological studies to ignore the Old Testament in their discussion of contextualization truly biblical contextualization must include the whole Bible not simply the New Testament This study provides insightful discourse between the Old Testament and various Asian contexts while demonstrating how Asian perspectives can help overcome the Eurocentrism prevalent in Old Testament scholarship This is an ideal resource for scholars and practitioners interested in a biblical perspective of contextualization especially as related to constructing theology that honors the truth of Scripture in the context of Asia

Social Order and Authority in Disney and Pixar Films Kellie Deys, Denise F. Parrillo, 2021-11-04. *Social Order and Authority in Disney and Pixar Films* contributes to an essential ongoing conversation about how power dynamics are questioned, reinforced, and disrupted in the stories Disney tells. Whether these films challenge or perpetuate traditional structures, or do both, their considerable influence warrants careful examination. This collection addresses the vast reach of the Disneyverse, contextualizing its films within larger conversations about power relations. The depictions of surveillance, racial segregation, othering, and ableism represent real issues that impact people and their lived experiences. Unfortunately, storytellers often oversimplify or mischaracterize complex matters on screen. To counter this, contributors investigate these

unspoken and sometimes unintended meanings By applying the lenses of various theoretical approaches including ecofeminism critiques of exceptionalism and gender queer and disability studies authors uncover underlying ideologies These discussions help readers understand how Disney's output both reflects and impacts contemporary cultural conditions
