Parenting Children With Learning Disabilities Parenting Children With Learning Disabilities:

Parenting Children with Learning Disabilities Jane Utley Adelizzi, Diane B. Goss, 2001-04-30 In a straightforward and empathetic tone Adelizzi and Goss sensitively offer support to parents of children with learning disabilities who wish to see their children grow to their full potential While juggling the complex expectations imposed upon them parents often combat confusion anger fear sadness and frustration This book will help diffuse these overwhelming feelings empowering parents with the ability to provide the academic and personal support their children need to thrive Adelizzi and Goss who contribute to a unique and highly successful collegiate program for adults with LD ADD demystify the very fuzzy world of LD terminology and theory and clarify the complicated process of diagnosis and treatment They shed light on the way children and adolescents with learning disabilities function in the home environment in social relationships and at school Parents will find new understanding and hope as the authors with the collective voice of parents and children who deal with LD every day lead them through the maze of issues they must confront

Parental Learning Disability and Children's Needs Hedy Cleaver, Don Nicholson, 2007-12-15 Parental Learning Disability and Children's Needs explores how to effectively assess children in families where one or more parent has a learning disability These children often have unmet needs because their parents are more likely to be coping with mental and physical illness domestic violence or substance abuse

A Parent's Guide to Helping a Child With Learning Disabilities Shola Ade, 2020-09-27 A learning disability LD is a group of disorders that negatively impact the ability to learn Learning disabilities make it more challenging to learn how to read write do math listen and speak Learning disabilities are lifelong conditions that can be very successfully managed but never go away Once you have a learning disorder you have it for life The term learning disability encompasses many different learning differences The three main types of learning disabilities are reading disabilities written language disabilities and math disabilities Each type of LD can include several different disorders Learning disabilities are successfully managed with proper identification and academic intervention This book helps those parents who are going through this challenging situation with that is the time you need some straight up simple information and support This book is set to give you confidence in being able to tackle some everyday problems and how you can make your child's life a little bit easier to manage and to help you delve through issues as they arise This book is not set to right the wrongs of the world but it will explain what learning disabilities is and tell you what to look for whilst also sharing with you how to speak with professionals and to discuss the plans with your child's teacher Learning difficulties are not a reflection of intelligence but they often get in the way of academic achievement and can result in feelings of frustration anxiety and embarrassment for a child who is less able to progress at the same rate as his or her peers in a conventional classroom setting Read and learn about your child's type of learning disability Find out how the disability affects the learning process and what cognitive skills are involved It's easier to check out different learning techniques if you understand how the learning disability affects your child and how

your child reacts in different circumstances I do hope you find this book helpful to you and that you are able to see the joy and blessing you have in your child as they face their own challenges you will see that they are a real joy to you as they grow and show you how they are adapting and gaining their own personality Even with learning disabilities your child will be able to come through with their own goals and resilience You will find that your child will be able to find their own niche in society and with your help and support they will grow into young adults who are able to manage within their own strengths I appreciate you accepting this book and I hope you are able to find some great information and resources for you in here It does cover some resources for UK and also for the USA

Growing up with Parents who have Learning Difficulties

Tim Booth, Wendy Booth, 2005-08-10 Growing up with Parents who have Learning Difficulties uses a life story approach to present new evidence about how children from such families manage the transition to adulthood and about the longer term outcomes of such an upbringing It offers a view of parental competence as a social attribute rather than an individual skill assessing the implications for institutional policies and practices The authors address the notion of children having to parent their disabled parents and argue for a shift in emphasis from protecting children to supporting families This innovative book provides a fresh approach to a subject rife with prejudice and challenges us to think again about many taken for granted ideas about the process of parenting and the needs of children It also demonstrates the power of narrative research and its capacity for bringing alive people's experience in a way that enables us to better understand their lives

Parenting and Disability Olsen, Richard, Clarke, Harriet, 2003-04-16 This book reports on the first substantial UK study of parenting disability and mental health which examines the views of parents and children in 75 families It provides a comprehensive review of relevant policy issues explores the barriers to full participation in parenting that disabled parents face examines the complex ways in which broader social issues interact with disability and advocated measures to support disabled parents and their families

Parenting a Child with a Learning Disability Cheryl Gerson Tuttle, Penny Hutchins Paquette, 1995 Help your learning disabled child enjoy school and learn more effectively This book shows parents what they can do at home to help their learning disabled child at school Using nonthreatening nontechnical language Tuttle and Paquette describe a variety of learning disorders attention deficit disorder dyslexia hyperactivity and speaking reading writing and math disabilities and difficulties They show parents how to become more effective advocates for their child in the school system They also discuss how to work with the special education team and tell parents what legal rights they have and how to take advantage of them The authors pay special attention to putting learning disabilities within the context of the entire family how one child's special needs may affect other siblings grandparents etc Parenting A Child With A Learning Disability also covers the tests and evaluations used by schools so parents will know what to expect and how these tests can affect the child's future The book contains a glossary of terms used by special educators and testing personnel so parents will feel at ease discussing their child's needs with educators Throughout the authors' tone is encouraging and reassuring and parents will be

left feeling they can succeed in helping their child
