Place Danny Butt, Jon Bywater, Nova Paul, 2021-02-03 Place Local Knowledge and New Media Practice explores tensions between global cosmopolitanism and local practices in the new media environment. The contributors assert the importance and contemporaneity of the Nuyorican art movement by tracing its emergence alongside other American vanguardist movements highlighting its innovations and exploring it as an expression of Puerto Rican culture beyond New York to include cities such as Chicago Philadelphia and Orlando. They also foreground the contributions and radical aesthetics of female Black and queer Puerto Rican artists. Following the expansion and decentralization of the Puerto Rican diaspora and its artistic output this volume is a call to action for scholars curators and artists to address the historical inequalities that have marginalized Diasporican artists and reassess the presence of Puerto Rican artists.
