[Companies and Their Brands](#) ,2005 [63 Ready-to-Use Maker Projects](#) Ellyssa Kroski,2018-12-13 This new compilation from editor and maker Kroski spotlights a multitude of creative projects that you can tailor for your own library. Librarians and makers from across the country present projects that are as fun as an upcycled fashion show as practical as Bluetooth speakers and as mischievous as a catapult. Included are projects for artists, sewers, videographers, coders, and engineers. The handy reference format will help you quickly identify the estimated costs, materials, and equipment, and because several projects don't even require a dedicated makerspace, every library can join in. Inside you'll find how-to guidance for projects like a foam rocket launcher, stop motion animation with 3D print characters, found object robots, glowing ghost marionettes, Arduino eTextiles, magnetic slime, yarn painting, fidget flannels, an LED brooch, and cardboard sculpture. With takeaways like origami tea lights or a t-shirt tote bag, your patrons will be sure to remember how much fun your library can be.
