

Feature code list for Partner ACS

- **System Date (F181)** sets the date on the the system.

Changing time & date on Partner ACS Phone System	
<p>System Time (F182)</p> <p>Use this feature to set the time that appears on system display telephones. Enter the time in 24-hour notation. In this scheme, the hours of the day are 0000 (12 midnight) to 2359 (11:59 p.m.). Since each time must have four digits, use leading zeros when necessary. The time appears on system display phones as a.m. or p.m. (not in 24-hour notation).</p> <p>To change the System Time:</p> <ol style="list-style-type: none"> 1. Press feature +000+soft-intensity+soft-intensity+F182 at extension 10 or 11. 2. Enter a new time in 24-hour notation. For example, to set the time to 2:15 p.m., press 1415. <p>A display similar to the following appears:</p> <p>System Time Date 1415</p> <p>This time appears on system display phones as 2:15 p.</p> <ol style="list-style-type: none"> 3. Select another extension, or exit programming mode. 	<p>System Date (F181)</p> <p>Use this feature to set the month, day, and year. The system displays only the month and day on display telephones when the telephone is idle; the month, day, and year print on (SACB) call reports. The System Date date stamps the backup files when you use Backup Programming.</p> <p>To change the System Date:</p> <ol style="list-style-type: none"> 1. Press feature +000+soft-intensity+soft-intensity+F181 at extension 10 or 11. 2. Enter today's date in the form "mmddyy" (month, day, and year), including leading zeros for single-digit months or days. For example, to enter April 28, 2008, press 042808. A display similar to the following appears: <p>System Date Date 042808</p> 3. Select another extension, or exit programming mode.

ACSM's Guide to Exercise and Cancer Survivorship American College of Sports Medicine, Melinda L. Irwin, 2012-02-14

ACSM's Guide to Exercise and Cancer Survivorship presents the science behind the benefits of exercise for cancer survival and survivorship as well as the application of that science to the design or adaptation of exercise programs for cancer patients and survivors. Developed by the American College of Sports Medicine, ACSM, this authoritative reference offers the most current information for health and fitness professionals working with survivors of many types of cancers. Dr. Melinda L. Irwin has assembled a team of the most respected experts in the field of exercise and cancer survivorship. With an emphasis on practical application, the text discusses the following:

- Incidence and prevalence of the most common cancers
- Common cancer treatments and side effects
- Benefits of exercise after a diagnosis of cancer
- Exercise testing, prescription, and programming
- Nutrition and weight management
- Counseling for health behavior change
- Injury prevention
- Program administration

This guide presents evidence-based information to assist health, fitness, and medical professionals in using exercise to help cancer survivors with recovery, rehabilitation, and reducing the risk of recurrence. Throughout the text, readers will find quick reference Take Home Messages that highlight key information and how it can be applied in practice. Chapters also include reproducible forms and questionnaires to facilitate the implementation of an exercise program with a new client or patient, such as physician's permission forms, medical and cancer treatment history forms, weekly logs of exercise and energy levels, medication listings, and nutrition and goal setting questionnaires. In addition, ACSM's Guide to Exercise and Cancer Survivorship discusses all of the job task analysis points tested in the ACSM ACS Certified Cancer Exercise Trainer (CET) exam, making this the most complete resource available for health and fitness professionals studying to attain CET certification. Each chapter begins with a list of the CET exam points discussed in that chapter. A complete listing is also included in the appendix. As both an essential preparation text for certification and a practical reference, ACSM's Guide to Exercise and Cancer Survivorship will increase health and fitness professionals' knowledge of the benefits of exercise after a cancer diagnosis, as well as the specifics of developing and adapting exercise programs to meet the unique needs of cancer survivors. Evidence has shown that physical activity has numerous health benefits for cancer patients and survivors. More clinicians and oncologists are recommending exercise as a strategy for reducing the side effects of treatment, speeding recovery, and improving overall quality of life. In turn, cancer survivors are seeking health and fitness professionals with knowledge and experience to help them learn how to exercise safely within their capabilities. With ACSM's Guide to Exercise and Cancer Survivorship, health and fitness professionals can provide safe exercise programs to help cancer survivors improve their health, take proactive steps toward preventing recurrences, and enhance their quality of life.

Flexible Strategies in VUCA Markets Sanjay Dhir, Sushil, 2018-06-09 This book discusses the concepts of volatility, uncertainty, complexity, and ambiguity (VUCA) that are the core of various paradigms used in strategic management to understand

competitive advantage as well as flexibility in organizational boundaries It serves as a valuable reference resource in the area of VUCA markets An increase in the levels and types of uncertainty has important implications potentially for the durability of a company s advantages the way firms learn and adapt approaches for managing innovation and knowledge and the attractiveness of different strategies and organizational models In today s world strategic flexibility in VUCA is essential for business leaders to sustain market advantage and attain a clear vision amid the chaos Business leaders who stay focused and are aware of external volatility as the prevalent characteristic are successful while those who are not flexible in this VUCA world and lock themselves into fixed positions lose out The book includes empirical and conceptual research papers along with case studies and models discussing strategies for emerging markets in volatile and uncertain environments It also covers a variety of issues including innovation people and processes financial management and leadership and strategies in VUCA markets Apart from research fraternity and academia the contents of the book will be useful for practitioners as well as industry watchers
