interchangeable with the word Googling Google is the leading search engine with around 5.4 billion daily searches and a 92% market share. That means it's extremely likely that the target market is on Google possibly looking for the company's products and services. In fact nearly half of all Google searches (46%) include local intent with phrases such as "near me" or a "city" or "neighborhood" after the search term. The statistics surrounding Google Business Profiles are impressive. Over 90% of people read Google Business Profile reviews before contacting a local business and over half of profiles receive over 1,000 views per month. Nearly half of businesses receive appointment requests through their Google Business Profile and the profile can be attributed to 91% of weekday calls to local businesses. With 87% of users performing daily Google searches for local businesses it's clear that having a Google Business Profile is crucial. Reviews are important too as 65% of users will leave a review if they have a positive experience. Near Me Google Maps searches have increased 900% in the past 24 months and Google Business Profile views and metrics contribute to 75% of a local business's monthly exposure online. Introducing the ultimate solution for skyrocketing your business success Google Business Profile Training Guide. This Training Guide covers a range of topics including creating a powerful Google Business Profile, managing and improving engagement with the profile using Google Maps to promote the profile and increasing brand awareness.
