These include learning objectives, chapter summaries, discussion questions and exercises, case studies and numerous examples and cultural spotlights. Online instructor's materials with PowerPoints are available to adopters. Arts Management Carla Stalling Walter, 2025-12-31 Providing a comprehensive introduction to arts and cultural management, this textbook incorporates new insights from technological innovations such as artificial intelligence AI to its popular practical approach to helping learners understand how to build and grow an arts organization. With practical case studies throughout, this book also includes coverage of key contemporary topics such as diversity, equity, sustainability, inclusion and access to the arts. This new edition retains the valuable array of interdisciplinary insights while enhancing the focus on culturepreneurs in the age of AI.
