Managers in European Law Natalie Videbæk Munkholm, Vincenzo Pietrogiovanni, Karsten Engsig Sørensen, 2024-02-08
Business organisations depend on having one or more persons who can legitimately make strategic business decisions But what are the legal entitlements of such key professionals This is the first book with contributions from experts across Europe to take a broad comparative look at how the delimitation of rights and duties of executive and non executive managers is done under different areas of EU law and across different jurisdictions namely EU and national law Aspects of the executive role covered include the following extensive treatment of definitions and methodologies to ascertain the status of managers as workers in Europe comprehensive interdisciplinary and comparative analysis of cross cutting issues affecting managers in Europe including complexities arising from national variations in governance structures and roles and functions of managers comprehensive analysis of cases before the European courts with full awareness of applicable rules distinction between registered front directors and those who act as de facto managers how employees and to some degree other stakeholders may be involved in management trends in current EU law that increase the need to protect managers trends that increase the need to hold managers liable right to inter alia information and consultation occupational health and safety non discrimination and free movement and recognition that managers may not necessarily be powerful professionals with strength vis vis the company as employer According to EU statistics in 2019 nearly 9 4 million persons held a managerial position across the EU s Member States meaning that many managers currently can no longer inherently be considered unworthy of employment protection The legal status of these individuals thus cannot be sidestepped This very important volume accordingly will be of value to practitioners policymakers and academics in employment and labour law USPTO Image File Wrapper Petition Decisions 0300 , *USPTO Image File Wrapper Petition Decisions 0303* , *Official Gazette of the United States Patent and Trademark Office* United States. determinate manner The book shows that the effects of judge made law remain relatively indeterminate and each case can be retold through different contextual narratives and shows the commitment of the European legal elites to the experience of legal reasoning The idea to cluster the stories around prominent cases is not to be fully comprehensive but to re focus the scholarship and teaching of EU law by moving beyond the black letter and unravel the lawyering techniques to achieve policy results The Omega ,1983 **Fungal Genetics Newsletter** ,1986 **Ann Arbor, Michigan City Directory** ,2007 Jan 2003 7 directories in 1 section 1 alphabetical section section 2 business section section 3 telephone number section section 4 street guide section 5 map section section 6 movers section 7 demographic summary **Bibliographie Juridique de L'intégration Européenne** Court of Justice of the European Communities.
