## Michael Jackson 2015 Calendar:

Calendar, History, and General Summary of Regulations of the Dept. of Science and Art Great Britain. Dept. of Science and Art, 1893 **Time and Difference in Rabbinic Judaism** Sarit Kattan Gribetz, 2022-08-09 How the rabbis of late antiquity used time to define the boundaries of Jewish identity. The rabbinic corpus begins with a question when and is brimming with discussions about time and the relationship between people, God, and the hour. *Time and Difference in Rabbinic Judaism* explores the rhythms of time that animated the rabbinic world of late antiquity, revealing how rabbis conceptualized time as a way of constructing difference between themselves and imperial Rome, Jews and Christians, men and women, and human and divine. In each chapter, Sarit Kattan Gribetz explores a unique aspect of rabbinic discourse on time. She shows how the ancient rabbinic texts artfully subvert Roman imperialism by offering rabbinic time as an alternative to Roman time. She examines rabbinic discourse about the Sabbath, demonstrating how the weekly day of rest marked Jewish time from Christian time. Gribetz looks at gendered daily rituals, showing how rabbis created men's time and women's time by mandating certain rituals for men and others for women. She delves into rabbinic writings that reflect on how God spends time and how God's use of time relates to human beings, merging divine time with human time. Finally, she traces the legacies of rabbinic constructions of time in the medieval and modern periods. *Time and Difference in Rabbinic Judaism* sheds new light on the central role that time played in the construction of Jewish identity, subjectivity, and theology during this transformative period in the history of Judaism.

**Scholars and Their Kin** Stéphane Gerson, 2025-02-19 Spotlights historians who have embraced the methodological, practical, and ethical challenges of writing about the most slippery of subjects: their own families. Historians have often been discouraged from writing about their relatives, subjects who are deemed too close for objective analysis. But new work by scholars interested in their own families raises fascinating questions about subjectivity and how historians might put it to use. It also invites historians to abandon traditional aspects of academic writing and draw instead on literary forms more equipped to highlight the relationships between scholar and material, feeling and reason. *Scholars and Their Kin* embraces diverse approaches to such writing, bringing into the open the personal, professional, and historiographic complexities that ensue when scholars write intimate yet self-aware histories about their families. The first book devoted to this genre, which editor Stéphane Gerson terms personal family history, this anthology features ten essays and an afterword by scholars working in this vein. The contributors varied in their disciplines, themes, and nationalities, reflect on their motivations and methodological choices, the politics of family history, and the institutional constraints they have sometimes faced. Making full use of the creative possibilities of voice and form, they expand the literary ambitions of personal family history, provide readers with narrative models, and address questions of shame, responsibility, love, gendered, and racial violence, family archives, as well as the tall tales, myths, misrepresentations, memories, and omissions that suffuse family lives. *Scholars and Their Kin* will interest historians, scholars in other disciplines, and readers interested in

General Assembly,2015** *Marriage and Values in Public Policy* Elizabeth van Acker,2017-01-20 Marriage is a site of political conflict It is a controversial issue in the UK Australia and the US where there is a clash of values between neoliberal governments and diverse groups either strongly opposing or supporting marriage In the meantime fewer couples are marrying while other family forms are more widely accepted This book explores this disconnect by examining policy issues such as class divides ethnicity religion same sex marriage gender relations and romantic expectations A top down approach explores different government policy responses to marriage In all three countries there are differences and similarities in how governments react to the changes in family formations but values or conceptions of the desirable play a significant role Enhancing stability and commitment as well as personal responsibility are important for policymakers who aim to keep the family intact and thereby lower the burden on the public purse It is difficult for political actors to respond to conflicting and changing values surrounding the diversity in relationships or to translate them into policies There is a strong case to be made for increased policy attention to adult relationships and a much weaker case for marriage Rich evidence is drawn from interviews with key stakeholders as well as politicians speeches government departmental reports stakeholders documents and responses to government policies and media articles **Calendar 2021** Music Calendar,2020-11-17 Special Michael Jackson Monthly Calendar 2021 Including best photographs with special moments Well designed and printed with soy based inks on FSC certified paper Also includes moon phases CST standard U S and international holidays **Directory of College & University Administrators ,2005** **The City Record** Cleveland (Ohio),1959 **Legislative Synopsis and Digest ...
