A Cultural History of Hair in the Age of Empire Sarah Heaton,2022-08-25 A thick tangled and deliciously idiosyncratic history of hair Times Literary Supplement 19th and early 20th century hair appears to be everywhere when you start to look from the abundant locks of the pre Raphaelites to the myriad objects on show at the Great Exhibitions The latter hosted at venues such as the Crystal Palace hinted at the level of global trade in hair

economies from hair harvest hairpieces and hairwork to commodities for styling and adornment It was a period when hair became fetishized in all sorts of ways from fashioning hair to moralising constriction from suggestions of sexuality in abundant free flowing locks to intricate hair incorporating jewellery which offered spiritual connections to the dead In a period of increasing globalization and associated anxieties hair came to express identity not just for the individual but for different cultures Perhaps inevitably hair itself became a contested site of signification whether as the strands of the diaspora the cut locks of the underclass or the coiffures of the court A Cultural History of Hair in the Age of Empire presents an overview of the tangled tresses of hair in this period with essays covering Religion and Ritualized Belief Self and Society Fashion and Adornment Production and Practice Health and Hygiene Gender and Sexuality Race and Ethnicity Class and Social Status and Cultural Representations **Insights in consciousness research 2021** Antonino Raffone,Narayanan Srinivasan, Luca Simone,Xerxes D. Arsiwalla,Johannes Kleiner,2023-05-31 The Ontology of Death Aaron Aquilina,2023-05-18 Through examination of the death penalty in literature Aaron Aquilina contests Heidegger s concept of being towards death and proposes a new understanding of the political and philosophical subject Dickens Nabokov Hugo Sophocles and many others explore capital punishment in their works from Antigone to Invitation to a Beheading Using these varied case studies Aquilina demonstrates how they all highlight two aspects of the experience First they uncover a particular state of being or more precisely non being that comes with a death sentence and second they reveal how this state exists beyond death row as sovereignty and alterity are by no means confined to a prison cell In contrast to Heidegger s being towards death which individualizes the subject only I can die my own death supposedly this book argues that when condemned to death the self and death collide putting under erasure the category of subjectivity itself Be it death row or not when the supposed futurity of death is brought into the here and now we encounter what Aquilina calls relational death Living on with death severs the subject s relation to itself the other and political sociality as a whole rendering the human less a named and recognizable being than an anonymous living corpse a human thing In a sustained engagement with Blanchot Levinas Hegel Agamben and Derrida The Ontology of Death articulates a new theory of the subject beyond political subjectivity defined by sovereignty and beyond the Heideggerian notion of ontological selfhood *Library Catalog* Metropolitan Museum of Art (New York, N.Y.). Library,1960 Library Catalog of the Metropolitan Museum of Art, New York Metropolitan Museum of Art (New York, N.Y.). Library,1960 The Giro Playboy Michael Smith,2006 This novel recounts the mis adventures of a delusional drifter and his wanderings from the north east to London and on to Brighton and the badlands of Essex Along the way he falls in love drinks a lot of beer eats too many sweets ponders the meaning of life on the dole and gets admitted to hospital for a painful condition Zigzag Hans Magnus Enzensberger,2006-04-18 Hans Magnus Enzensberger adem s de gran poeta es uno de los m s agudos ensayistas de nuestro tiempo En este libro re ne catorce textos escritos entre 1989 y 1997 muchos de ellos ya aparecidos en diarios y revistas alemanes y que se publican en

libro con leves retoques mientras que tres de los trabajos son inéditos. Ya el mismo título del libro *Zigzag* refleja a la perfección la forma de pensar de Enzensberger. En sus ensayos y artículos huye de la descripción lineal y homogénea prefiriendo una exposición tan zigzagueante como la propia evolución histórica. En ellos aborda temas muy diversos: la dictadura de la moda, el lujo y el derroche en la sociedad actual, la política cultural de los entes públicos, los intelectuales al servicio del poder, la profusión de escritores faltos de imaginación y seriedad, la figura de Gorbachov como dismantelador de un imperio, la guerra civil de Uganda contrapuesta a la situación de Bosnia o la política de Hussein aquí comparado con Hitler, artículos que desencadenan fuertes controversias en Alemania.
