person somebody who has no position in society and will never have in short the lowest of the low All right then even if that were absolutely true then I should one day like to show by my work what such an eccentric such a nobody has in his heart In their biography of Pablo Picasso Hans Ludwig and Chris Jaffe note that for him art was always adventure To find is the thing Indeed there is perhaps no artist who produced more art than Picasso whose enormous oeuvre which spanned most of his 91 year life contained a countless number of paintings and drawings Picasso also worked in other mediums as well notably sculpture and lithography and his constant experimentation with form makes him a useful case study through which to chart the growth of Modernism as an artistic movement and many of the artistic trends that would dominate the 20th century
