

## Personal Health Inventory

How often within the last year did/do you feel the following:

- Felt anxious over long-term health concerns.
- Felt healthy and overall healthy during something unknown.
- Unpleasantness from others made things difficult to do.
- Felt good about physical, social, emotional, cognitive, and spiritual. These areas of life were not present due to something else.
- Unrestful sleep because the things I need to do still persist.
- Felt well because social activities, a favorite hobby, or other interests occupied.
- Felt good about my physical and social relationships, spirituality, cognitions, and emotions, regardless of social circumstances. These activities provided a sense of meaning and purpose.
- Felt better using medications after stressful and/or painful events.

Please indicate how often you feel the following the last 12-18 months. 0 = Not at all, 1 = Slightly, 2 = Moderate, 3 = Quite a bit, 4 = Very much.

		Personal Health Inventory
