Persons Ever Read Same Book:

Book of Fools An Intelligent Person's Guide to Fops, Jackasses, Morons, Dolts, Dunces, Halfwits and Blockheads Terry Reed,2013 This book presents a provocatively outrageously assertive exposure of fools in their not infrequently bizarre manifestations the object being to leave no halfwits behind It explores the world of the fool from many perspectives including Engines of Limited Cognition Dumb Bells Dumb Clucks and Dumb Waiters Imprudence and Its Imbecilic Implications Fools Eccentrics and Idiotic Opportunities Putting Fools to Work This is not to infer or even hint that either the author or his readership is in any demonstrable sense of the word foolish now or at any other time After all no fool would write a book like this and no fool would read it Precisely who does read it is a discretely personal decision we leave to those gifted with more than ordinarily inquiring minds Indeed those who elect to come along for the ride are likely to find their minds piqued tickled and enriched by this tour de farce True to form Reed illustrates Ambrose Bierce s definition of educational that which discloses to the wise and disguises from the fools their lack of understanding Abundantly documented endlessly subtle hopelessly eccentric and deadly funny the book blends history sociology literature philosophy etymology and even theology all with a good laugh The World and a Man Louis Zangwill,1898 **The Book of Martyrs ...
