It's never been easier to design the life you want and work wherever you want. This is why I love the era that we are living in. Remote work has created the biggest shift in 100 years in how we work. In this easy-to-digest book, I share everything I know about planning, executing, and transitioning to life as a remote worker abroad. You'll learn what the term "digital nomad" means, why I think it's cheesy, and how you can get past the jargon to think about the underlying principles of location independence. Different paths to becoming a digital nomad. Finding your purpose. Choosing a digital nomad destination in South America, Europe, Asia, and more. Tips and tricks for living life as a remote worker abroad. Best practices for being an effective remote worker with teammates and clients.
