*Objects of Desire* Adrian Forty,1986 One of the most significant contributions to design history in recent years Financial Times *Objects of Desire* Adrian Forty,1987 *Objects of Desire* Adrian Forty,1992 *History of Modern Design* David

Raizman,2003 An exploration of the parallel development of product and graphic design from the 18th century to the 21st The effects of mass production and consumption man made industrial materials and extended lines of communication are also discussed **Engaging the Senses: Object-Based Learning in Higher Education** Helen J. Chatterjee,Leonie

Hannan,2016-03-09 The use of museum collections as a path to learning for university students is fast becoming a new pedagogy for higher education Despite a strong tradition of using lectures as a way of delivering the curriculum the positive benefits of active and experiential learning are being recognised in universities at both a strategic level and in daily teaching practice As museum artefacts specimens and art works are used to evoke provoke and challenge students engagement with their subject so transformational learning can take place This unique book presents the first comprehensive exploration of object based learning as a pedagogy for higher education in a broad context An international group of authors offer a spectrum of approaches at work in higher education today They explore contemporary principles and practice of object based learning in higher education demonstrating the value of using collections in this context and considering the relationship between academic discipline and object based learning as a teaching strategy *Exploring Visual Culture* Matthew

Rampley,2019-08-07 An introduction to the study of visual culture this book offers a view of visual culture that includes not only images but also other visual media and forms of expression from architecture to fashion design and the human body The book is organised around three broad themes exploring key ideas and debates that have occurred during the last 20 or so years the meanings of the term visual culture and of the various practices that form its basis conceptual approaches to the contemporary analysis of visual culture the cultural social and historical contexts informing its production distribution and consumption Drawing on a wide range of examples from the last 100 years the book adopts a cross disciplinary perspective it also explores however the limits of visual culture as an interdisciplinary field of study engaging in current debates about the uses and value of the study of visual culture It will therefore be of value both for readers new to the subject and also for those seeking fresh interventions into contemporary discussions within the field Features Accessibly written by a team of experts in the field Illustrated throughout Includes chapters on a wide range of visual forms including architecture and urban design film crafts fashion design fine art and the media **The Interiors Theory Primer** William Mangold,2025-07-31 In a

world where life is increasingly defined by the spaces we inhabit understanding interiors is essential to understanding ourselves *The Interiors Theory Primer* maps the intellectual terrain of interior design and spatial experience introducing readers to key concepts that shape how people occupy interior spaces Organized into three parts this book begins with foundational concerns such as place identity materiality and atmosphere and then examines the boundaries and expertise of

the discipline before turning to critical and emerging topics like biophilia virtuality and social justice Each chapter presents a focused literature review of a major theme in interiors theory supported by key design precedents and suggestions for further reading Drawing on a wide range of scholarship The Interiors Theory Primer offers a coherent framework for understanding interiors as a distinct interdisciplinary field deeply embedded in the human condition Accessible to students useful to professionals and provocative for scholars The Interiors Theory Primer argues that the designed environments in which we live work and gather deserve greater attention not only for their aesthetic and functional qualities but also for their powerful role in shaping contemporary life

**Comfort, Cleanliness and Convenience** Elizabeth Shove,2003-07-01 Over the past few generations expectations of comfort cleanliness and convenience have altered radically but these dramatic changes have largely gone unnoticed This intriguing book brings together the sociology of consumption and technology to investigate the evolution of these changes as well the social meaning of the practices themselves Homes offices domestic appliances and clothes play a crucial role in our lives but not

many of us question exactly how and why we perform so many daily rituals associated with them Showers heating air conditioning and clothes washing are simply accepted as part of our normal everyday lives but clearly this was not always the case When did the daily shower become de rigueur What effect has air conditioning had on the siesta at one time an integral part of Mediterranean life and culture This book interrogates the meaning and supposed normality of these practices and draws disturbing conclusions There is clear evidence supporting the view that routine consumption is controlled by conceptions of normality and profoundly shaped by cultural and economic forces Shove maintains that habits are not just changing but are changing in ways that imply escalating and standardizing patterns of consumption This shrewd and engrossing analysis shows just how far the social meanings and practices of comfort cleanliness and convenience have eluded us

*Deconstructing Development Discourse in Peru* William W. Stein, 2003 The Vicos Project was a major effort to apply anthropology to community development in a rural community of Andean Peru in the 1950s *Deconstructing Development Discourse in Peru* is a retrospective examination of the Vicos research and development project through a poststructuralist lens William Stein details the work of North American researchers with emphasis on factors which limited their capacity to engage in development Stein endeavors to apply the work of the French philosopher Jacques Derrida as an aid in the interpretation of events and reactions of both North American and Peruvian researchers *Public+private*, 2000
