Buzz Book Carolyn C. Wise, Stephanie Hauser, 2007-03-26. Many guides claim to offer an insider view of top undergraduate programs but no publisher understands insider information like Vault and none of these guides provides the rich detail that Vault's new guide does. Vault publishes the entire surveys of current students and alumni at more than 300 top undergraduate institutions. Each 2 to 3 page entry is composed almost entirely of insider comments from students and alumni. Through these narratives Vault provides applicants with detailed balanced perspectives

Teaching Computing Henry M. Walker, 2018-04-24. Teaching can be intimidating for beginning faculty. Some graduate schools and some computing faculty provide guidance and mentoring but many do not. Often a new faculty member is assigned to teach a course with little guidance input or feedback. Teaching Computing A Practitioner's Perspective addresses such challenges by providing a solid resource for both new and experienced computing faculty. The book serves as a practical easy to use resource covering a wide range of topics in a collection of focused down to earth chapters. Based on the authors extensive teaching experience and his teaching oriented columns that span 20 years and informed by computing education research the book provides numerous elements that are designed to connect with teaching practitioners including

A wide range of teaching topics and basic elements of teaching including tips and techniques. Practical tone the book serves as a down to earth practitioners guide. Short focused chapters. Coherent and convenient organization. Mix of general educational perspectives and computing specific elements. Connections between teaching in general and teaching computing. Both historical and contemporary perspectives. This book presents practical approaches tips and techniques that provide a strong starting place for new computing faculty and perspectives for reflection by seasoned faculty wishing to freshen their own teaching
