If you have a lot of information to include here, another option is to align it in two columns.

To avoid misgendering, use the recipient's full name. This also shows you've done your research!

If you cannot find a name, use the general job title such as Dear Director of Marketing, or Dear Hiring Manager.

If you can, mention how you've come by the information about the opening. In other info, include relevant projects you worked on together with your friend.

Sign the letter by hand or add your digital signature to add a professional touch.
