Reading Comprehension John D. McNeil,1987 **Rethinking Reading Comprehension** Anne P. Sweet,Catherine E. Snow,2003-04-30 This practical book grows out of a recent report written by the RAND Reading Study Group RRSg which proposed a national research agenda in the area of reading comprehension Here RRSg members have expanded on their findings and translated them into clear recommendations to inform practice Teachers gain the latest knowledge about how students learn to comprehend texts and what can be done to improve the quality of instruction in this essential domain From leading literacy scholars the book explains research based ways to Plan effective instruction for students at all grade levels Meet the comprehension needs of English language learners Promote adolescents comprehension of subject area texts Understand the complexities of comprehension assessment Get optimal benefits from instructional technologies And much more Teaching Reading Comprehension Strategies Sheena Cameron,2022 A new and updated edition of this practical resource that answers the many questions teachers have about how to improve student reading comprehension Teaching Reading Comprehension Strategies is a step by step guide based on the latest reading comprehension research and is the result of Sheena Cameron s learning journey into research based practice and her extensive experience teaching in classrooms This resource includes relevant new research and information and explains how it impacts on improving comprehension There is guidance on how to introduce and teach each strategy and how it fits into your literacy programme including an explanation of the strategy and how it supports comprehension the language we use when using a strategy guided and independent student activities that support teaching the strategy An extensive range of new teacher and student friendly support material including new activities blackline masters posters and a strategy icons package is available digitally from the eBook This resource is suitable for primary elementary and intermediate middle school teachers *To Understand* Ellin Oliver Keene,2008 To Understand proposes a model that incorporates all aspects of literacy instruction and describes how teachers can focus on what matters most Keene shows that when teachers target the most essential content they can help every student engage more deeply with texts and discover a passion for reading and learning You ll learn to draw out students intellectual interests and spark improvements in their literacy learning and comprehension even among students who struggle You ll see that teaching the Outcomes and Dimensions of Understanding can help readers exceed expectations and also help broaden your vision of their capacity and energy for learning Understanding and Teaching Reading Comprehension Jane Oakhill,Kate Cain,Carsten Elbro,2014-08-21 The ultimate aim of reading is not the process but to understand what we read and comprehension can take place at many different levels There has been an increasing emphasis on the importance of reading comprehension in recent years but despite this there is very little written on this vital topic accessible to trainee and practicing teachers The Handbook of Reading Comprehension presents an overview of recent findings on reading comprehension and comprehension problems in children It provides a detailed examination of the

characteristics of children who have reading comprehension difficulties and examines ways in which comprehension can be supported and improved. It is accessibly written for students and professionals with no previous background in the psychology of reading or reading problems. This indispensable handbook asks the question what is comprehension. The authors consider comprehension of different units of language understanding single words sentences and connected prose and outline what readers and listeners have to do to successfully understand an extended text. This book also considers comprehension for different purposes in particular reading for pleasure and reading to learn and explores how reader characteristics such as interest and motivation can influence the comprehension process. Different skills contribute to successful reading comprehension. These include word reading ability vocabulary knowledge syntactic skills memory and discourse level skills such as the ability to make inferences knowledge about text structure and metacognitive skills. The authors discuss how each one contributes to the development of reading comprehension skill and how the development of these skills or their precursors in pre readers provides the foundation for reading comprehension development. Areas covered include Word reading and comprehension Development of comprehension skills Comprehension difficulties Assessment Teaching for improvement. Throughout the text successful experimental and classroom based interventions will be highlighted practical tips for teachers and summary boxes detailing key points and explaining technical terms will be included in each chapter.
